

## Tolliver Has Completed Work On Ph.D. Degree

DR. CRANNELL TOLLIVER

Crannell Tolliver, associate professor and head of the speech department at West Texas State College, will receive his Ph.D. degree August 22 during commencement at the University of Denver.

A member of the West Texas State faculty since 1946, Tolliver received his A.B. degree from Oklahoma Baptist University and his A.M. from the University of Kansas. He has done additional graduate work at the University of Michigan and the University of Colorado.

Tolliver completed requirements for his doctorate in speech last Friday. His dissertation, much of which was written during the regular session at West Texas State, is titled "Speech Training Needs of Public School Teachers."

Executive secretary of the Texas Speech Association, Tolliver taught in Kansas and Michigan high schools and the Texas Military College before coming to West Texas State. He is a sustaining member of the Speech Association of America, and is a member of the Southern Speech Association, Western Speech Association, National Education Association, Texas State Teachers Association, Pi Kappa Delta, national honorary forensics fraternity, and Alpha Psi Omega, national dramatics fraternity. He is a contributor to *Players Magazine*, and has written pocket booklets on parliamentary procedure and dramatics.

## Poole Takes Over Management of Ayer Feed Store

Keith Poole who recently purchased the Ayer Feed Store has been in the vicinity of Canyon for eight years. He came here from Sherman, Texas, where he was herdsman for a large dairy and poultry farm.

He managed the O. L. Taylor registered hog farm until it was sold. He left the hog farm and went to work for the Burrus Mill and Elevator Company. Poole was foreman of the experimental farm at Bushland.

In 1950 he completed his work there and went to Amarillo and worked in a retail feed and seed business. When he became acquainted with the business he purchased the Ayer Feed Store here in Canyon.

Mr. Poole feels that his wide experience in this line will be of great help in the business here.

## Stork Specials

Mr. and Mrs. W. A. Gray of Texline are announcing the birth of a daughter in St. Joseph Hospital, Clayton, New Mexico, on July 29. The baby weighed 8 pounds 6½ ounces and has been named Jo Lynne. Mrs. Gray will be remembered as Eleanor Louder, daughter of Mr. and Mrs. S. B. Louder.

Sgt. and Mrs. Phillip Busted are the proud parents of a daughter born in Reno, Nevada, on July 30. Sgt. Busted is the son of Dr. and Mrs. Robert Busted.

Mr. and Mrs. Guy Brant are the parents of a 6 pound 9½ ounce son, born on July 21 at Camp Hood, Texas.

Mr. and Mrs. Stanley Schaeffer are the proud parents of a girl born in Amarillo Maternity Hospital Tuesday.

## Mother of Gene McGlasson Died Tuesday Night

Mrs. D. E. McGlasson, Sr., of Amarillo, died last night in an Amarillo hospital. She has been seriously ill for several weeks.

The body will lie in state in Amarillo, with burial in Waco.

The deceased is the mother of Gene McGlasson, County Attorney of Randall County.

Mrs. J. A. Young with her sister, Mrs. Harry Davis, of Amarillo, flew to Baltimore, Maryland, last week to go through the John Hopkins Clinic.

# The Canyon News

Fifty-Seventh Year

Canyon, Texas Wednesday, August 6, 1952

Number 17

## Peaceful Meet Demos County Convention Sat.

There were no fireworks during the Democratic County Convention Saturday.

Delegates were present from 8 of the 10 precincts in the county, with the largest groups representing Canyon and Precinct 9.

County Chairman Newton Crain called the meeting to order and read the list of certified delegates from the various voting boxes.

Arthur C. Haley, Jr., was elected permanent chairman and Boone McClure was named permanent secretary of the convention.

Due to the fact that all present were certified delegates, the convention permanent chairman named a resolutions and delegate nomination committee for the coming State Convention.

J. Evetts Haley read the list of resolutions which were presented to the committee by various members of the convention. These resolutions complimented the Texas delegation to the National Convention held in Chicago, headed by Governor Allan Shivers; called upon Candidate Stevenson to clarify his stand on the tidelands issue; condemned corruption in the present administration; and condemned the opening of the border for the importation of Mexican cattle. The resolutions were adopted without debate.

The nominations for delegates to the State Convention to be held in Amarillo on Sept. 9, together with alternates, was approved by the convention without change.

The convention adjourned after 40 minutes of business.

## Age Limit Set for Blood Contributor

Only a few people each day come into the Chamber of Commerce office and the City Hall to sign one of the blood donor pledges say officials. In fact, the pledges are coming in so slowly that a rush will be required to get the remainder of the pledges needed for the Bloodmobile to stop here.

Last week a heart touching scene took place in the Chamber of Commerce office in connection with the blood donor program. There is a regulation that anyone under 18 years of age cannot give blood. A 17-year-old boy came by to give a pint of blood for this emergency drive. He was given a card and told that his parents would have to sign it and he appeared proud that he could do something for the boys who are fighting in Korea. Parents must sign for youths between 18 and 21.

While he was gone Glenn Waggoner, manager of the Chamber of Commerce, looked up the regulation on taking blood donations and learned that the lad could not donate his blood for this drive. When the fellow returned with his card all filled out and signed by his parents he learned that his blood could not be accepted. His straight shoulders slumped and he left the office dejectedly.

## WT Instructor Becomes Member Kappa Delta Pi

Joseph Findley was recently honored by an initiation as a member of Kappa Delta Pi Fraternity at Colorado State College. He is attending the Colorado State College of Education at Greeley during the college's summer session.

Kappa Delta Pi is a national honorary society in education. It recognizes scholarship, leadership and professional promise.

Findley is one of the instructors of education at West Texas State College.

## Showers Bring Little Moisture To This Section

Light showers have fallen over this section during the past week, but little moisture has resulted.

Wednesday afternoon light showers brought 23 of an inch; 03 Saturday night; 20 Sunday night; 02 Monday night; and a trace of moisture Tuesday afternoon from a cloud which held to the west of the city.

Grass lands have been hit very hard by the continued drought, and row crops will be short unless an abundant rain falls soon.

So far this year only 9.71 inches of moisture has been received in Canyon.

## No Absentee Votes Are Cast August Election

Wanted: A flock of people to rush over to the County Clerk's office and cast their ballots for the August 23 primary. Naturally they must be Democrats.

Since Monday morning, County Clerk T. H. Lair has had 250 bright, new ballots ready for the voters, but so far no takers.

In the July primary there were 145 absentee ballots cast. It was estimated that the absentee ballots would be much more numerous in the August primary due to prevailing vacation time.

The ballot is short this time, with only three contests: Place No. 1 on the Supreme Court; Court of Civil Appeals; Sheriff of Randall County. Due to a queer quirk, the State Chairman ruled that the name of Martin Dies must appear as a candidate for Congressman-at-large due to the fact that he did not receive a clear majority over his six opponents in the first primary. The second man in the race was John Lee Smith of Lubbock, who withdrew due to the heavy vote cast for Dies, and the small chance for him to overcome this lead.

If you will not be in Randall county on election day, be sure to go to the office of County Clerk Lair and cast your ballot.

## July Building Permits Show \$58,100 Total

Nine building permits gave Canyon a total of \$58,100 worth of new structures during the month of July. Most of the new structures which received permits were to be residences. Other building permits were given for an addition to a home and a garage.

Total of the July building permits topped the June total by \$8,600. Building has continued to rise throughout the summer. The \$49,500 total building permits for the month of June was more than \$16,000 above those in May. The May total being \$32,950.

One of the most important points of notice about the building permits for the month of July is that all of them are for residences, additions to residences or home garages. This means that no commercial building entered into the local scene. The increased addition of new homes is a good indication of the steady building progress of a town.

## Sanford Ruthart Purchases City Service Station

The City Service Station on 4th Avenue went under new management August 1. Harry E. Ford, former owner and operator of the station, sold the business to Sanford Ruthart.

Ruthart has lived in this vicinity practically all his life. He explained that he served three years in the Army and spent three years farming in Colorado. He has worked at the station as an attendant during the past few years. Sanford is married and the Ruthart family is well known to most citizens of Canyon.

At present Ford plans to go to Kentucky to complete a course in electronics. He has finished all necessary work in the course except laboratory phase. This will require from four to six weeks, he said.

Present plans of Ford are to return to Canyon and make his home after completing his electronics course.

## RETURNS FROM RIDGECREST

Miss Janie Jennings has returned home after having attended the Baptist Assembly at Ridgecrest, North Carolina, and having visited for two weeks with her aunt, Mrs. Fay J. Crowley, in Washington, D. C. Mrs. Crowley returned home with Miss Jennings to spend a few weeks visiting with relatives and friends in this vicinity.

## MARRIAGE LICENSE

Bernard Robert Guild to Leta Lee Hill, July 26.

Mr. and Mrs. J. J. Boling, Sgt. and Mrs. John S. Boling and daughter, Wrennie Nan, visited Mr. J. J. Boling's brother, W. H. Boling, and family in Belen, New Mexico, over the week end. Sgt. Boling and family were enroute to Camp El Toro, Calif., where he will be stationed.

Mr. and Mrs. Charles Marshall are vacationing in Colorado this week.

## Bones Ancient Animals Show Age of Plains

Jack T. Hughes, curator at the Panhandle-Plains Historical Society Museum, was back in town this week end with a report on his work southwest of Stinnett. He said that in the time that this place was a death trap for animals was probably 7,000 or 8,000 years ago, near the end of the ice age. Hughes says that it is possible that the bog has been there longer because some bones of horses that were extinct before the end of the ice age have been found in the bog.

From all outward appearance the spot was a quicksand trap that animals stumbled into as they came lumbering down for a drink of water. Hughes says that many of the bones are broken into small pieces as the animals kicked and thrashed about after becoming trapped in the quicksand.

Hughes had to find another helper when the two who were working with him had to turn their attentions to other endeavors. Mack Bush, a WTSC graduate who is now teaching at Childress, had to leave for a meeting in connection with his job. Curtis Tunnell has taken some inoculations in connection with his service work and has to remain out of the sun for a while. So when Hughes returned to the pit early this week his only helper was Claude Money. They expect to finish the work by the end of the week.

The bones that are being found are in a clay deposit beneath six or eight feet of sand, Hughes said. Bones of turtle, frog, beaver and other small rodents have been unearthed as those of the mammoth. Hughes explained. The huge tusks of the mammoth are curled and greatly similar to a set already in the museum.

By the end of the week they hope to get the work completed and the remains of the prehistoric animals transported to the museum.

## Gerner Is New Owner of Texaco Service Station

The Texaco Service Station on Highway 87 which was Morrison Service Station is now under the name of Gerner's Texaco Service Station. Bob Gerner, the new owner and operator, took over the operation of the station Monday morning.

Gerner is a Lelia Lake boy who has been attending school at West Texas State College. Bob will be graduated from West Texas State next year. He plans to operate the station while attending school.

**Births**  
It's a daughter for the Hubert E. Karrs. She was born August 1. Mr. and Mrs. J. H. Mariner are the parents of a son, born August 2.

Mr. and Mrs. Dale S. King are the parents of a son, born August 8.

## Dean Mitchell Jones Desires Listings of Student Housing

Persons with housing facilities for West Texas State College students and who wish to be listed for approval by the Dean of Men or Dean of Women, are urged to contact those officials within the next two weeks, according to Mitchell Jones, Dean of Men.

Housing for students is approved by a special committee, and a list is prepared for distribution to students, Dean Jones said.

"While it is not necessary for one's house to be on the list to be approved," Dean Jones said, "being listed is a convenience to both students and householders."

Mr. and Mrs. Buck Neal spent the week end in Portales.

## DWI Case Draws \$50 Fine and 30 Days in Jail

Oliver Truman Hail of Plainview was in County Court Monday on the charge of driving a car while intoxicated. He was picked up by the highway patrol.

Judge Burney Slack pronounced a fine of \$50 and 30 days in jail against Hail.

Judge Slack has been handing out fines to those caught DWI on the highway, and announces that hereafter the jail sentence will be added.

## Funeral Service For R. M. Gibbs Observed Friday

Funeral services for Robert Mac Gibbs were conducted Friday morning at 10 o'clock in the First Baptist Church. During the past five years the health of Mr. Gibbs had been failing. He had been seriously ill since last October. He died on Wednesday morning at his home.

A native of Bedford, Va., Mr. Gibbs was born October 1, 1874. In 1900 he moved to Denton County and from there to Clarendon in 1916. He came to Randall County in 1926 and operated a service station for 16 years. He was a member of the First Baptist Church at Clarendon.

Survivors include his wife, Mrs. Winnie Gibbs; two sons, Harry Gibbs of Amarillo and Warren Gibbs of Paso Robles, Calif.; four daughters, Miss Jewel Gibbs of Amarillo, Mrs. Tom Lewis of Dimmitt, Mrs. Irene Cross of Big Spring and Mrs. Virginia Stephen of Wichita Falls; three brothers, Will, George and Tom Gibbs, all of Bedford; seven grandchildren and one great-grandchild.

Funeral services were conducted by Rev. Howard Bramlette, pastor of Memorial Chapel, West Texas State College. He was assisted by Dennis Lyle, educational director of the First Baptist Church.

Pallbearers were Felix Pierce, B. C. Taylor, Bud Rusk, R. F. Ball, Roscoe Davis and Houston Prichard.

Burial was in Citizens Cemetery, Clarendon, under the direction of Blackburn-Shaw Funeral Home.

## No Extension for Auto Inspections

"The deadline for auto safety inspection will definitely not be extended past September 5," explained one of the men at an inspection station Saturday. He said a state official had made this assertion in view of the fact that this would make one year since the law went into effect.

A greater number of cars are coming in each week now but as the time for getting the cars inspected grows shorter the cars with the most work to be done on them are coming in. People at the inspection stations have suspected for some time that this would happen. This means that the officials will not be able to inspect as many cars per week as they did when there was little or no work to be done on them.

Last week the West Texas Motor Company said that during the preceding ten days they had inspected approximately 100 cars. Stevenson Pontiac Company inspected between 50 and 60 cars and the Randall Motor Company reported approximately 36 inspections.

These figures show a grand total of almost 200 inspections per week. If this rate could be continued all the inspections could be made by the deadline. The catch is that as time gets shorter the cars that need the most work done on them come in. This slows down inspections to such a degree that some may not be inspected by September 6.

## Cornette Prepares WTSC for Fall Term

Dr. James P. Cornette, president of West Texas State College, is in Austin today appearing before a joint session of the Legislative Budget Board and the Budget Division of the Governor's office.

Dr. Cornette will outline the college's appropriation needs for the biennium beginning September 1, 1953.

## VISITING FROM NEBRASKA

Mr. and Mrs. C. N. Tippery and daughters spent last week in Sioux City, Iowa, visiting Mr. Tippery's relatives. They returned via Winipeg, Nebr., bringing his grandmother, Mrs. Laura Kearns, from there to visit with them here for a few weeks.

## Republicans Hold Party Convention Saturday Evening

Approximately 40 people attended the county Republican convention in the 47th District Court Room of the court house Saturday night. A. L. Tarleton, chairman of the Randall County Republican Party, resigned his post without opening the meeting. He explained that his term as chairman was up and that he was stepping down to allow the party to select another person for the position.

Before leaving the podium Tarleton explained that there was a tremendous amount of work to be done in the Republican party. The party appears to be breaking loose at the seams because of internal pressure. In May when some of the Republicans wanted to give the nomination to Eisenhower more than 100 people were reported present at the Randall County Republican convention. Saturday night there was less than 50 present.

One woman present Saturday night who was also present in May said that there were probably some people at the May convention who were not Republicans. She also added that it was possible that some of the people were from the Potter County side of Amarillo.

The convention went on Saturday night by the party making O. L. Petty temporary chairman for the Randall County Republicans. A credentials committee was appointed and a secretary was selected. The job of secretary was given to Joann Cooley. Delegates were also selected to attend the state convention.

A discussion was carried on about selecting Republican candidates on the local level but no definite action was taken in this direction.

## More Needed to Sign Pledge to Get Bloodmobile

Dudley Bayne said Monday morning that less than 100 people had signed to give blood for Korean troops when the Bloodmobile is in the vicinity. At least 300 donors are needed to pledge blood in order to get the unit to stop in Canyon.

This particular drive for blood is an emergency and arrangements have been made to get the blood to Korea as quickly as possible. This is the reason the Bloodmobile unit takes the blood. After the blood is taken it is shipped to a central location where it starts the first leg of an air journey to Korea.

The Bloodmobile unit is asking that each community that wishes to contribute blood for this drive have donors sign a pledge. A certain number of donors must pledge in each community before the unit will stop there.

The pledges act as a time saver when the unit arrives. The people who have pledged blood will be notified and no time need be lost. The places in Canyon where you sign for this emergency blood donation is the City Hall and the Chamber of Commerce. Less than one month is left in which these pledges can be signed.

## Firemen Rush to Scene and Find Blaze Controlled

Firemen went out on a wild goose chase Thursday afternoon about 3 o'clock. There was a fire all right but it was trash collected in the vicinity of the West Texas State College farm and was being purposely destroyed.

A clean-up campaign was being waged at the college farm and the trash was being burned. Some one drove by and thought the barn was on fire and called in the alarm.

Within a few minutes from the time the alarm was sounded firemen were on their way to the scene of the blaze. They got there and found that the fire was real enough but under complete control.

## Two Firms Are Moving to New Black Building

The new building erected by T. A. Black just east of the Randall County Abstract Company building is complete and the two rooms are being occupied.

The Tri-State Hardware Association occupies the west room of the building. Marshall D. Shepherd, secretary-manager, has his equipment moved to the new location, but is not straightened up.

The east room is occupied by R. B. Allen who is in the accounting and tax business.

The building was built by Mr. Black in order to add to the business facilities of the two firms.

Dr. Ima Barlow went to Wichita Falls yesterday. She will return tomorrow, accompanied by her mother, Mrs. Ida Barlow, who will visit in Canyon for the remainder of the summer.

## W. T. Graduate Returns to Agie Work in College

Dr. Clark Harvey, West Texas State College graduate, will return to his alma mater this fall as associate professor of agriculture, President James P. Cornette announced today. He will assume duties when the fall semester opens September 15.

Since April, 1949, Dr. Harvey has been in charge of legume investigations for the Texas Agricultural Experiment Station, and for the past two years has taught a graduate course in forage crops at Texas A & M College.

Dr. Harvey was graduated from West Texas State in 1939 with a Bachelor of Science degree with a major in agriculture. He completed work for a degree, majoring in agronomy at Texas A & M in 1940, and worked for 18 months with the Agricultural Adjustment Administration and the Farm Security Administration, before entering the Navy. He served from January 1942 until August 1946 as a pilot in the Navy, and now holds a reserve commission as Lieutenant Commander.

Entering Iowa State College in September, 1946, with a teaching fellowship, Dr. Harvey earned the master's degree in 1948 and his Ph.D. in 1950, majoring in crop production and plant physiology.

Dr. Harvey is a member of The American Society of Agronomy, The American Society of Plant Physiologists, and Sigma Xi, honorary science fraternity. He and Mrs. Harvey have a daughter, Sharyn, 3, and a son, Randall, 2.

Besides carrying on his own research at College Station, Dr. Harvey has been cooperating with personnel conducting forage crops research at many of the state substations.

## No Election of School Head at Monday Meeting

No superintendent has been elected for the Canyon school system.

The board met Monday night and decided to investigate two or more applicants before another meeting which has been called for Wednesday night. By that time it may be possible to name a superintendent to take the work vacated by E. A. Wooten, who goes to the Dumas school system.

## Four See Hotel Dedicated, Start Plans for Survey

The Dumas hotel dedication Saturday, August 2, was attended by four Canyon men. Clark Jarnagin, president of the Chamber of Commerce, Clarence Eugene Thompson and Cliff Milnar, directors, and Glenn Waggoner, manager of the Chamber of Commerce, formed the Canyon personnel who made the trip to Dumas.

After the dedication ceremony the four met with M. D. Hockenbury in a pre-arranged meeting. Mr. Hockenbury is president of the Hockenbury System, Inc. This organization helps make surveys in small towns to determine whether or not a modern hotel would be a successful enterprise.

They discussed a survey to be made in Canyon for the purpose of building a hotel. The meeting proved satisfactory to those present but the Chamber of Commerce is still seeking interest and more information for having the survey made. This information will prove whether or not Canyon needs and can successfully build a modern hotel.

## McCormick Rites Held in Amarillo

Funeral services for Mrs. Sally Rice McCormick were conducted Tuesday afternoon in the Blackburn-Shaw Memorial Chapel in Amarillo. The 70-year-old woman died at 10 o'clock Saturday morning in Northwest Texas Hospital. She had been ill for about eight months prior to her death.

Mrs. McCormick had been a resident of the Canyon area for 39 years. She was active in the Canyon Home Demonstration Club. Her husband is D. C. McCormick who has been actively engaged in farming in this vicinity for many years. She was a member of the First Christian Church.

Survivors, other than her husband, include two brothers, L. A. Rice of Albuquerque, New Mexico, and Z. T. Rice of Lancaster, Kentucky.

Officiating at the funeral service was Dr. Newton J. Robison, minister of the First Christian Church of Amarillo. Rev. Clifton Ammerman was the assistant minister. Burial was in Llano Cemetery.

Mr. and Mrs. J. M. Hart and son, John Hayden, of Gruver are visitors in the home of Mr. and Mrs. G. B. Combs Tuesday and Wednesday.

## EDITORIAL COMMENTS

Convention vs. Primary Plan  
For Nomination Still Argued

Since the two great conventions were held in Chicago, there has arisen, or rather continued, the dispute of which is more effective, the convention or the preferential primary.

As we see it both have their strong points. The convention in the past has been boss ruled and controlled.

The primary is an expensive means of getting an opinion from the voters, and too often the voter refuses to express his opinion, if he has one.

There is little sense of persons just going to the polls to vote, unless they vote intelligently. It is just as well that they stay at home and not be counted unless they have a deep interest in their government and want to see their government improved through the nomination of capable candidates.

As a result of the two conventions, neither Eisenhower nor Stevenson spent one red cent to get the nomination. Yet they are the choice of their respective parties, and no doubt are the best candidates which could have been selected.

Taft and Kefauver spent sizable fortunes in running over the country seeking votes.

Perhaps the recent conventions of both parties settled nothing.

The people will still continue to argue, and perhaps those who have the most to say will continue to shun the precinct conventions, which are the foundation of the present system.

South Wins Over Radicals of  
North in Democratic Conflab

It was a cut and dried affair when the radical element of the Democratic party started on the opening day of the national convention to kick the pants off the Southern Democrats and see to it that they were replaced by men who see eye to eye with them.

Truman won in 1948 in spite of Southern opposition. The radicals thought they could repeat in 1952.

The old heads of the party saw the situation vastly different. They were not thinking in terms of 1952 alone, but in the future when the South will be needed to carry any election for the party.

A certain group within the Democratic party of Texas think that Governor Shivers yielded to the radical demand by making a pledge. This is not so. The so-called pledge as changed and submitted to the convention is only the law of Texas. Since the Governor of Texas believes in, and will stand by the laws of the State of Texas, there is no crime committed when he agrees to see to it that the names of the Democratic nominees which were selected at Chicago will appear on the Democratic ballots in November.

If the Governor wanted to change this law, he has no authority to do so.

Martin Dies May Be a Patriot  
Or Just Another Windbag

Well, well, well, here we have a new Congressman from Texas. That is, we have an old-new Congressman-at-large, by the name of Martin Dies from deep in East Texas.

Probably few people of Randall county have ever met Martin Dies. If they have, they will class him either as the greatest patriot of the nation, or the biggest bag of wind. We have heard him twice. We have asked his friends and neighbors about him. There is a wide variety of opinion.

At least Martin Dies led the vote of the people of Randall county. Maybe the voters were voting from personal interest, or they may have been voting as a result of opposition to the administration against which Dies has spoken so freely and frankly.

We do not blame John Lee Smith for quitting the race when his friends and neighbors from West Texas forsook him and supported Martin Dies, who lives almost in Louisiana. When Texas is redistricted Martin Dies will likely be a Congressman without a district; and West Texas will gain two or three new Congressmen to which we are entitled.

Great National Campaign Is  
Now On—May Be Short in Time

The great national campaign is on!

Eisenhower is getting ready for a long fight, as he is now convinced that he will not win in a walk. His misguided friends told him that the Democratic party would fade away and allow him to win in a walk.

The nomination of Governor Stevenson put an entirely different light on the situation. Eisenhower will have to win over a popular, impressive man who won the Democratic nomination in spite of his protests that he would rather remain as Governor of Illinois. After all he has only been in serious politics for four years.

While Eisenhower is making his first bid in politics, he has long been in the public eye, and has become a national hero because of his ability as a military leader.

In mapping the campaign, Stevenson announces that he is in favor of a short but aggressive campaign. Perhaps the political leaders will see to it that the campaign is longer than Stevenson now plans. After all everything that either of the candidates does in the future will be political of nature.

## Pretty Good for General Mac

General MacArthur, flop of the GOP Convention, strikes it pretty easy.

He draws down \$100,000 per year for lending his name to a big corporation as president; in addition he draws \$19,000 per year for life from Uncle Sam; and have three officers to run his chores for him.

No wonder CIO members are sore at big corporation for paying such fabulous salaries; and GIs get so little for being the targets of the enemy.

## What Does It Cost YOU?

We are advised that there are now one million chronic alcoholics in the nation; while 4 million more are classified as "heavy drinkers."

Every alcoholic is a burden to society, and a ward of the public. When you see a drunk staggering down the street you may begin to figure just how

Television and Radio Take the  
Top Men from Newspaper Circle

A speaker in Canyon last week highly praised the television, and being a lawyer, showered abuse upon the press for failing to gather the facts of the great Democratic convention.

Since television has not come to Canyon, very few people know much about this new source of public information. In the East we are told that television has revolutionized public gatherings.

In Chicago, the Republicans made poor appearances on the air because of untrained speakers who had not taken the trouble to be made up for television appearances. The Democrats did not make this mistake, selecting only such speakers as were personally prepared and physically made-up for their appearances.

We have no idea as to which method was better—the bare facts, or showmanship.

What we started out to say was that all of the top flight radio and television performers are recruits from the newspaper field. Perhaps the newspapers felt their loss to the profession more than any group. We do not blame them for making the change, but wonder at the criticism which is directed toward the press simply because they were unable to follow all of the antics and all of the changes which took place during the proceedings. Not even the delegates knew of these changes. The radio and television boys simply caught the changes as they were publicly announced, and not before. The newspaper men may have known that these changes would be made, if and when certain things happened, but they could not predict as did the boys of the airways.

By 1956 television will be in general use throughout the nation, regardless of its effectiveness.

Texas Is Classified as Doubtful  
State by the Big Magazines

We were somewhat amazed to see from a map published in a national magazine that Texas is classed as a doubtful state in the coming national election!

Throughout all of the years Texas has been classed as a sure Democratic state, and no questions asked. As a matter of fact the only time that Texas has ever gone Republican was in the election of Herbert Hoover, and most of the folks who voted for Hoover are now ashamed of their acts.

Well, the national boys may figure that since Eisenhower lived in Texas in his early boyhood; since there was such a fight in Texas when the Taft forces attempted to take over the Texas delegation; since Governor Shivers has adopted a middle-of-the-road program; since the people of Texas are worried about the fate of the tidelands bill; since Texas is bitterly opposed to FEPC; and since the people of Texas are becoming more and more independent, and refusing more and more to wear the brass collar of Democracy; that the State may not be as safely Democratic as it formerly was.

We shall see what we shall see coming November 4.

Ike and Steve May Find Hard  
Job Ahead Holding Forces

Neither Eisenhower nor Stevenson will find that wooing the voters will be so easy this year, if we are to believe the early reports.

The Taft forces are still good and mad about the accusations of having stolen the delegates of the South. Ike will have a tough time reconciling the Taft forces. In addition he must overcome the votes of about three million Democrats who hold federal jobs.

On the other hand, Stevenson must bear the responsibility of finally being endorsed by Truman, CIO and big city bosses. Of course these fellows had to endorse some candidate, and since they did not get their first choice, where would they land?

Voters are more independent this year than ever before. Said a local citizen: "I have never supported a Republican, but I am fed up with all of the corruption in Washington, and intend to do my little best to unseat the Democratic party this fall. The only way to clean house is to clean house right—by electing a clean Republican—and certainly Eisenhower is that man."

On with the battle! And may the best man win on November 4th.

Steel Strike Could Have Ended  
In a Few Days, Without Truman

The steel strike is over, and production will be underway in a few days.

Stop and take a look at the cost of the 53 day old strike. It will run into several billions dollars in wages lost; steel production lost; national income lost.

Why? Simply because President Truman was so stubborn that he refused to allow the steel companies to increase the price of steel. If the President had been willing to grant the increased price of steel, all of this costly strike could have been avoided. Truman took the attitude that he knew more about the price of steel than the men who have devoted their lives to the production of steel.

## British Are Peeved at U. S. A.

Poor old broke England is in the middle of a bad fix.

Churchill is trying to hold on to his job and keep the Laborites happy—all in vain. The Laborites had a fine time eating at the expense of Uncle Sam while we doled out billions of dollars to support the Labor Government.

Now that the honeymoon is over, and sanity seems about to prevail in Washington once more, the British say that they must cut their arms production in order that consumer goods may be produced.

England will survive just so long as American men American dollars are fighting to save England.

## Now Comes John L. Lewis

John L. Lewis has served notice that he will demand an increased wage for his miners.

The merry-go-round goes 'round and 'round. Grant one wage increase; up goes the cost of living; which draws the demand for another increase; and on and on.

Labor leaders who demand more wages during the balance of 1952 will probably get their wishes. We have a labor government in Washington.

## NOT BALANCED

A. N. — I understand the chief went on sick call for his cold. What did they do for him?

Personnel Clerk — They prescribed a jigger of bourbon and two aspirins every night—and his wife told me this morning that he's six months behind on the aspirin and three years ahead on the bourbon.

## DEFINITIONS

Moron — That which in winter women wouldn't have so many colds if they put.

Marriage Ties—the kind wives buy their husbands for Christmas.

Sunday Punch—Drinks left over from Saturday night.

Incongruous — Where laws are made.

## CERTAIN!

A worried lady in Albany entered a notion store and bought two packages of invisible hairpins.

"Are you absolutely certain these are invisible?" she asked.

"Lady, I'll tell you how invisible they are," the clerk assured her. "I've sold \$4 worth this morning, and we've been out of them for three weeks."

## THERE SHE WAS

One-striper — For months I've been wondering where my wife has been spending her evenings. Now I know.

Two-striper—How'd ya find out?

One-striper—I went home one night, and there she was.

HOUSE JOINT RESOLUTION  
NO. 38

providing an amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 50a, providing for the establishment of a State Medical Education Board and a State Medical Scholarship Fund from which grants, loans or scholarships may be made to students desiring to study medicine; providing that such students shall agree to practice in rural areas of this State; providing certain restrictions and limitations; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 50a which shall read as follows:

"Sec. 50a. The Legislature shall create a State Medical Education Board to be composed of not more than six (6) members whose qualifications, duties and terms of office shall be prescribed by law. The Legislature shall also establish a State Medical Education Fund and make adequate appropriations therefor to be used by the State Medical Education Board to provide grants, loans or scholarships to students desiring to study medicine and agreeing to practice in the rural areas of this State, upon such terms and conditions as shall be prescribed by law. The term 'rural areas' as used in this Section shall be defined by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, A. D. 1952, at which all ballots shall have printed thereon (or in counties using voting machines the

WHO  
Knows

1. The term "dormie" is used in what sport?
2. When was Wyoming admitted to the Union?
3. What Democrat made the "cross of gold" speech at a National Convention?
4. Who was known as the "Happy Warrior"?
5. Name the three Vice Presidents who were later elected to the Presidency without first taking office on the death of a predecessor.
6. Franklin D. Roosevelt ran for Vice President on what ticket?
7. How many votes are needed to nominate a Democratic candidate for President?
8. In what year did the famous "Gold Rush" to California take place?
9. Where is another gold rush in the making?
10. Three of four successful Democratic governors since the Civil War have been Governors. Of what states?

(See The Answers on Page 7.)

machines shall provide for) the following:

"FOR the Constitutional Amendment providing for the establishment of a State Medical Education Fund from which grants, loans or scholarships may be made to students desiring to study medicine."

"AGAINST the Constitutional Amendment providing for the establishment of a State Medical Education Fund from which grants, loans or scholarships may be made to students desiring to study medicine."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expense of publication and election for such amendment shall be paid out of proper appropriation made by law.

MR. AND MRS. BERNARD GUILD

## Hill-Guild Exchange Nuptial Vows in Service at Methodist Student Center

Wedding vows were solemnized on Saturday morning, August 2, for Leta Hill, daughter of Mr. and Mrs. George Hill of Canyon, and Bernard Guild of Carlsbad, New Mexico, son of Mrs. Estelle Guild of North Reading, Mass. Rev. J. Weldon Butler, pastor of the First Methodist Church of Follett, read the double ring ceremony in the chapel of the Methodist Student Center at West Texas State College.

Max Bellah played a medley of nuptial selections during the ceremony. An arrangement of deep red roses flanked by white candles were on the altar.

Escorted to the altar and given in marriage by her father, the bride chose to wear a white eyelet organza street length dress over blue satin. Her accessories were white linen and she wore a corsage of red roses.

Miss Joyce Hill attended her sister as maid of honor. She wore pink with a deep pink rose corsage and white linen accessories. Eugene Hill, brother of the bride, was best man. Rev. Jim Pickens was usher.

For her daughter's wedding Mrs. Hill wore navy blue with white carnation corsage.

Following the ceremony a reception was held in the lounge of the Student Center.

The table was covered with an imported drawn work cloth and set with crystal. In the center was a bouquet of red roses. The tiered cake was served by Miss Dorothy Ligon and punch was ladled by Miss Elena De Vaney. Mrs. W. Leo Cooper registered the guests. Others in the house party were Misses Lula Mae Cook and Lou Ella Patterson.

Mrs. Guild attended West Texas State College and is a member of the faculty of the Carlsbad City Schools. The bridegroom served in the Air Force during World War II and attended Michigan State College at Lansing, Michigan. He is employed as a corrosion engineer with the Southern Gas Company at Carlsbad. After a brief wedding trip the couple will live at 111 N. Mesa in Carlsbad, New Mexico.

Out of town guests were Mr. and Mrs. George Graybill and family of Kansas City, Kansas, Mrs. Grace May of Amarillo, K. D. Wahlquist of Dallas, Miss Dorothy Ligon of Alpine, Miss Lula Mae Cook of Childress, and Mr. and Mrs. A. J. Green, Miss Elena De Vaney and Miss Nettie Clark of Carlsbad, and Rev. and Mrs. J. Weldon Butler of Follett.

## Re-Organized Den 2 Needs Cub Scouts

Mrs. Ed Pettitt is now ready for the re-organization of Cub Scout Den No. 2. She has been active in Cub Scout work for some time but during the past two years her den has been losing members. Her home at 1812 6th Avenue will be den headquarters.

The Cub Scout worker believes that many boys of Cub Scout age are in her immediate vicinity. She also announced that if these boys would contact her as soon as possible active re-organization in den 2 could get under way.

Parents who desire to help get the club re-organized are invited to visit Mrs. Pettitt. A telephone call to 204 after 3 o'clock in the afternoon will get the desired information about the meetings, their time and place.

Misses Helen Taylor, Sammie and Bobby Pond, Marilyn and Paula White spent last week end in Carlsbad, New Mexico.

Mrs. F. S. Crowder of Vernon visited last week end in the home of Mrs. W. I. Wester.

## Old Age Pension Checks Will Be Upped in October

Arla E. Hallford, Area Supervisor for the State Department of Public Welfare announced that beginning in October persons receiving old age assistance and aid to the blind would get a five dollar increase in their grant. There is an exception to the rule and it is for those who are receiving both Old Age Assistance and Old Age and Survivors Insurance. A smaller increase was also announced for youngsters who are receiving aid to Department Children.

The increase comes as a result of recent Congressional legislation which boosts the maximum grant to \$55 instead of the former \$50. This action does not mean that every one will receive the maximum any more than they are receiving the present amount.

John H. Winters, executive director of the welfare department, has order checks to be written \$5 higher than previous checks beginning October 1. This is to assure all eligible persons the increase without unnecessary red tape.

Vivian Cummings, field worker, explained that since these increases are to be automatically taken care of in Austin, it will not be necessary to get in touch with the local office. Neither will it be necessary to contact the office in Austin.

By way of illustration, Supervisor Hallford explained that an aged person who is not receiving Old Age and Survivors Insurance and has been getting, for example, \$34 Old Age Assistance, will receive \$39 beginning October 1.

## Scouts - Parents To Hold Swimming Party Wednesday

Scouts of Troop 66 and their parents will hold a swimming party with a watermelon feed afterwards at Camp Don Harrington swimming pool tonight. All will meet at the First Christian Church at 6 o'clock.

In the event some one cannot meet that early, all are urged to come on at a later time. All Scouts are urged to get their parents out to a good-old get-together.

The annual council swimming meet will be held at Don Harrington August 19, beginning at 5 o'clock in the evening.

C. L. Sone was visited over the week end by his niece, Mrs. Ed Green, from Phar, Texas. Mrs. Green was a teacher in the public school at Phar but has accepted a position on the staff in a school near Los Angeles, California. She will leave in September to make her home in California.

Mr. and Mrs. Bill Patke and Mr. and Mrs. R. E. Boyce were called to Midland over the week end by the serious illness of Mrs. E. I. Boyce. At the last report, Mrs. Boyce is improving satisfactorily.

## SOIL CONDITIONERS

The Department of Agriculture warns against the use of the new chemical "soil conditioners" except on an experimental basis. Department scientists state that while some materials were known to improve the structure of heavy clay soils, experimentation is still in an early state and warns growers to buy and use them in small quantities until convinced that benefits gained were worth the cost involved.

## ONE WAY TO DO IT

Ashtabula, Ohio. — When a Jersey cow fell backwards into a 34-foot well half-filled with water, firemen filled the well with water and floated the cow to the top.

## ONLY BRUISES

Dunsmuir, Cal. — Dan O'Neill, San Francisco mountain climber, fell nearly a mile down the almost vertical, snowy side of 14,165-foot Mt. Shasta and escaped with only bruises and abrasions. His explanation: "I kept my head, used my toes as brakes and steered with my fore arms."

The famous liberty bell was cracked while tolling for the death of John Marshall, Chief Justice of the United States, who died in 1835.

Henry Ford was the first American manufacturer to establish a \$5 per day minimum wage (Jan. 5, 1914).

Alexander Hamilton was killed in a duel with Aaron Burr on Weehawken Heights, New Jersey, on July 11, 1804.

## Scout Camporee Set for October Third Thru Fifth

At a meeting of representatives of the various civic organizations and the Scout leaders of Canyon, it was decided to hold a Scout Camporee on October 3rd, 4th and 5th.

Troops from the entire Llano Estacado Council, Boy Scouts of America, will be invited to attend a Camporee to be sponsored by the City of Canyon. It is hoped that the Camporee will be set up as an annual affair to promote interest in Scouting in the Panhandle in general and in Canyon in particular.

A Camporee is a demonstration of the camping and scoutcraft skills of a number of Scout Troops which set up their own camp for one or more days and nights on the same camp site, for fun and good fellowship, and the opportunity to learn more about camping from each other.

The area just north of the college has been selected as a camp site for the troops and much of the competition will take place in the vicinity of the Court House Square Saturday afternoon, with a council fire and an Indian dance and ceremony to take place Saturday evening downtown.

A parade of all troops is scheduled for Saturday afternoon beginning at the college and ending at the Court House Square.

A tentative list of events includes the following: Knot Tying, Tree Felling, Compass, Wall Scaling, Archery, Parade, Tower Building, Fire Building by Friction, Fire Building by Flint and Steel, Flapjack Flipping, Signaling, First Aid, Monkey Bridge Building, Tent Peg Making and Tent Pitching, Scout Drill.

The Camporee is hoped to attract from 15 to 25 Troops with 300 to 500 boys participating.

A Trading Post will be operated to help cover the costs of the Camporee.

A number of judges, observers and time-keepers will be needed during the Camporee to run the several events. Several committees will be formed in the immediate future to work out the details for the Camporee.

President Warren G. Harding was the first President of the United States to ride to his inauguration in an automobile.

Prof. Philip Drinker of Harvard University invented the iron lung.

ARMSTRONG FAMILY REUNION HELD IN TULIA SUNDAY

The Armstrong family reunion was held in the Legion Hall at Tulia on Sunday, August 3.

At noon a basket lunch was served.

Those attending were Mr. and Mrs. J. C. Curb, Canyon; Mr. and Mrs. Clark O'Bryant, Stinnett; Mr. and Mrs. Dennis O'Bryant, Sneed Camp; Mr. and Mrs. Fred Curb, Carolyn Sue, Johnny and Woody; and Mrs. Fred Armstrong, Amarillo; Mr. and Mrs. Cecil Lemona and Mr. and Mrs. F. A. McCasland, Clovis, N. M.; Mr. and Mrs. Raymond Boyd and Johnnie, Pampa.

Mr. and Mrs. Troy Armstrong, Bovina; Harrison Armstrong, Ft. Sumner, N. M.; Mr. and Mrs. Bert Lemons and Johnnie, Mr. and Mrs. Melvin Bradley, Happy.

Mrs. H. D. Crane, Mrs. H. S. Loflin, Mrs. J. L. Ward, Mr. and Mrs. E. O. Walters, Mr. and Mrs. Vernon Loftin, Johnnie and Carolyn, Mr. and Mrs. Warner Ward and family, Mr. and Mrs. Tubby Loflin and Claudette, Mr. and Mrs. Elvin Ward and family, Mr. and Mrs. James Ward and family, all of Tulia.

Kenneth Fisher, TDAN, stationed in Memphis, Tenn., is spending a seven day leave visiting in the home of his parents, Mr. and Mrs. Lem Fisher.

Mr. and Mrs. Gene Davis and family spent last week in Dallas and Oklahoma City.

Mr. and Mrs. E. A. Brown and girls are vacationing in Colorado this week.

GOVERNMENT SECURITIES

U. S. individuals made the largest net purchases of U. S. Government securities in the first three months of this year that they had made since the first quarter of 1949, according to the Securities & Exchange Commission, which pointed out that these investments increased \$900,000,000 of which \$100,000,000 was in savings bonds.

CONSIDERATION

No gentleman will plow up more garden than his wife can hoe without interfering with her bridge club.

DEFINITION

An optimist is a guy who sees a light where there is none; and a pessimist comes along and blows it out.

Theodore Roosevelt discovered a river in Brazil, which newspapers called the River of Doubt until its existence was confirmed, when it was then named Rio Teodoro.

The military word taps comes from the Dutch word taptoe or time to close up all the taps and taverns in the garrisoned towns.

Dr. and Mrs. Massey of Tulia and Mr. and Mrs. Ben Balen High and son of Houston visited Mr. and Mrs. Clarence Stallings Sunday. Mrs. High and Mrs. Stallings were school girl chums; and although they have corresponded all the while, they had not seen each other in 30 years.

Conalley Cantrell of Fort Worth has been visiting his father, Sheriff M. E. Cantrell. Conalley is in a wheelchair following a recent operation.

Mr. and Mrs. Dwayne Atkins and son, Kent, from Amarillo were Sunday guests in the home of Mr. and Mrs. G. B. Combs.

Mrs. Mary Muse and son, Gregg Muse, and Mrs. Ester Mitchell of Albany visited last Friday in the Jeff Wallace home.

### ONE MINUTE SPORTS QUIZ

1. What sports are called Roque? Birling? Sculling?
2. What prize fighter was known as "The Nonpareil"?
3. What were the prize ring names of Eligio Sardinias and Barney Lebovitz?
4. How many events did Jesse Owens win in the 1936 Olympics?
5. How many winners of the U. S. Open Golf championship are there?

### THE ANSWERS

1. Lawn croquet, log rolling, rowing.
2. The first Jack Dempsey, real name Kelly, born in Ireland.
3. Kid Chocolate and Battling Levinsky.
4. Three—100 meters, 200 meters and running broad jump.
5. Two—Willie Anderson, 1902-03, 04, 05; and Bobby Jones, 1923-26-29-30.

Mr. Truman could have had a settlement of the strike in steel any day before the strike and any day after it started, by offering the \$5.20-a-ton price increase that was finally offered and accepted. It took 53 days of strike, the loss of 20 million tons of steel and the prospect to get the White House to move.

The young Roosevelts, Franklin D. Jr., a Congressman, and James of California, came off second best in their tangle with older heads in the party. Franklin, Jr., aspires to leadership in the radical wing of the party and cut quite a figure in the Democratic Convention until whittled down by conservative leaders.

The so-called "palace guard" at the White House still has a hard time realizing that its days of power are numbered—less than six months until the end. Top Truman aides believed right up to the last that "the boss" would be drafted for another term.

Senator Blair Moody, of Michigan, who did much to put over the requirement that Southerners would have to take an oath of allegiance to the Democratic Party, was thinking of his own political problem. The Senator badly needs the votes of Negroes and of CIO union members in his campaign for re-election.

Rationing of newsprint ruled unnecessary now.

A sister ship to the world's largest aircraft carrier, the Forrestal, to be built at the New York Naval Shipyard in Brooklyn. The 60,000-ton warship will cost \$209,700,000, take about three and a half years to construct and may be faster than the liner United States.

President Paasikivi of Finland opened the fifteenth Olympiad of the modern era at Helsinki with more than 5,800 men and women athletes from sixty-seven nations in a ceremonial parade before 70,000 spectators.

U. S. agrees to \$140,000,000 off-shore orders for France.

## Bible Verse to Study

"The wise man's eyes are in his head; but the fool walketh in darkness."

1. Who was the author of this wise saying?
2. Who was his father and mother?
3. For what architectural masterpiece is he best known?
4. Where may the above saying be found?

## Bible Verse Answers

1. King Solomon.
2. King David and Queen Bethsheba.
3. Solomon's Temple, at Jerusalem.
4. Ecclesiastes 2: 14.

Two-thirds of the 4,500,000 persons receiving old-age and survivors' benefits under Social Security have a little or no other retirement income, a Federal survey disclosed.

### HOUSE JOINT RESOLUTION NO. 20

proposing an Amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 61 to authorize cities, towns, and villages of this State to provide insurance for employees; providing for the submission of the proposed Amendment to the qualified electorate; and providing for proclamation and publication by the Governor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding a new section thereto to be known as Section 61 to read as follows:

"Sec. 61. The Legislature shall have the power to enact laws to enable cities, towns, and villages of this State to provide Workmen's Compensation Insurance, including the right to provide their own insurance risk for all employees; and the Legislature shall provide suitable laws for the administration of such insurance in the said municipalities and for payment of the costs, charges, and premiums on policies of insurance and the benefits to be paid thereunder."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at the General Election to be held on the first Tuesday after the first Monday in November, 1952, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR the Constitutional Amendment authorizing the Legislature to provide for Workmen's Compensation Insurance for employees of cities, towns and villages"; and "AGAINST the Constitutional Amendment authorizing the Legislature to provide for Workmen's Compensation Insurance for employees of cities, towns and villages."

Each voter shall mark out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. 1674

CROP Officials Conduct Dedication Ceremony Saturday

CROP workers who took part in Saturday's dedication program are shown above. Reading from left to right they are: Glenn Waggoner of the local Chamber of Commerce; Rev. H. L. Thurston, pastor of the First Methodist Church; Rev. Fisher, Panhandle area worker for CROP; Strauss Atkinson, pastor of the First Baptist Church; Rev. Win Matsler, pastor of the First Christian Church; Walter Parr, state director for CROP; Gus Dietz, chairman of the Randall County CROP committees; Rev. Winston Wilbanks, pastor of the First Presbyterian Church, and John Brazzil, secretary for the CROP committee.

RESEARCH

Since 1941, the Federal Government has spent about \$1,000,000,000 for scientific research and development. This year the Government will spend \$1,600,000,000 for this purpose, which is more than half of what the nation, as a whole will spend, or \$2,900,000,000.

Unless localities enact their own rent-control laws quickly 6,000,000 families face rent increases when Federal curbs expire at the end of summer, Rent Administrator Woods said.

Road built in 312 B. C. is called better than ours.

Joint United States-Canadian air defense exercises are based on the assumption of a strong Soviet air force and a growing Russian supply of atomic bombs.

A new trade and development treaty between Egypt and the United States nearing final draft form.

The Answers . . .

1. In golf.
2. On July 10, 1890—the 44th state.
3. William Jennings Bryan, in 1896.
4. Franklin D. Roosevelt.
5. John Adams, Thomas Jefferson and Martin Van Buren.
6. James M. Cox, in 1920.
7. 616 — one over half the total of 1,230 votes.
8. In 1848.
9. To the banks of the Jari River, a northern tributary of the Amazon, in Brazil.
10. Grover Cleveland — New York; Woodrow Wilson—New Jersey; and Franklin D. Roosevelt—New York.

EXPECTANT MOTHER HAS POLIO

Los Angeles. — Mrs. Betty Seymour, 24, who expects a baby in August, has been confined to an iron lung at the General Hospital since May 28. Three other respirator patients decided that they would give Mrs. Seymour a stork shower, complete with baby blankets, clothes and rattles. With the help of the nurses, their iron lungs were wheeled to the door of Mrs. Seymour's room so they could watch her open the presents.

FIRING

As a result of sharp cuts in appropriations which the Eighty-Second Congress made, thousands of Government workers throughout the country are being fired. While virtually all departments will feel the pinch, the hardest hit are the six economic stabilization agencies, which officials estimate will release more than 9,000 of their 17,000 employees within thirty days.

Tom Coleman, Wisconsin industrialist and key leader of Taft forces, has turned down cold an offer of an important post in the Eisenhower campaign. Taft leaders continue to smart because of claims that their man was trying to "steal" votes in the South.

James A. Farley, known as an artist in political adjustment, played a major part in saving the Democrats from a real North-South split over a requirement that States of the South sign a "loyalty pledge" to the party.

The radical wing of the Democratic Party, labeling itself Americans for Democratic Action, tried to force conservative States of the South out of the party. The goal of the more zealous leaders of this left wing is to turn the Democratic Party into a labor party.

Although Stevenson studied law at Harvard, his friends make it a point to stress that he was not a protégé of Felix Frankfurter, now a Supreme Court Justice, and never did meet the famed professor who supplied the New Deal with so many of its lawyers.

Mrs. Truman was on hand in Washington to make sure that her husband did not weaken in his agreement not to become interested in another nomination. The President's wife is genuinely happy at the prospect of moving back to Independence, Mo., next January 21.

Philip Murray, CIO President, lost the main issue over which he was striking in steel and the effort to nominate a CIO-backed nominee for President, all in one day. Murray held out in steel for a full "union shop" and didn't get it. He backed Kefauver and Harriman and lost.

Buyers of new automobiles are said to be paying millions of dollars a year in multiple taxes because of the industry's secret and complicated way of figuring local, state and Federal levies.

## WT Now Offers A Combination Degree Plan

A combination degree plan for pre-professional school students has been extended to include the Bachelor of Business Administration degree at West Texas State College, according to Dr. Walter H. Juniper, dean.

Previously, students entering medical, dental, osteopathic, or law schools after their third year at West Texas State were eligible for a Bachelor of Arts or Bachelor of Science from West Texas State after completion of their first year at the professional school. The students must have met freshman-sophomore requirements and other requirements for the appropriate degree, however, Dr. Juniper said, with 30 semester hours in residence.

Purpose of the combination degree plans, Dr. Juniper said, is to encourage able young men and women in their work of meeting admission requirements of professional schools. In most cases, the B. S. degree is granted, but the B. A. may be earned if foreign language requirements are met.

To qualify for the B. B. A. degree, under the combination plan, the core course requirements of

33 hours in Business Administration are necessary, Dr. Juniper said, and in addition, six hours of mathematics and six hours of economics. Pre-law students will be especially interested in the new plan, he said.

At present, the University of Texas Medical School requires a bachelor's degree for admission, but in case of exceptional students, they may be admitted with three years of work, the dean said.

## Fire Department To Bring Circus Here Next Month

Take the biggest red pencil you have and mark a circle around Saturday, September 13. This is the date the volunteer fire department is bringing the three ring Hagen Brothers Circus to Canyon for one day and one night.

By sponsoring the circus the fire department will increase the funds in the department. Advanced tickets will be on sale in the near future.

The circus will locate on 1st Street, a short distance west of Highway 87. The circus has been acclaimed as one of the best in the country. This will probably be one of the best opportunities for the local people to see a top-notch circus that has been described as all-circus.

Cloudy days are rare in Hawaii because the trade winds blow clouds to sea.

## Museum Praised In Texas Preview

The Panhandle-Plains Historical Society Museum has been called a shrine to the people of the plains area. The article in which the museum is lauded appears in the August issue of Texas Preview. Pollyanna B. Hughes wrote the article and pictures were supplied by Gort Rushmer of the West Texas State College photography department.

In the article it is explained that during one afternoon often there are as many as 2,000 visitors filing through the museum. Many come to see the displays and reminisce about the old days when the horse and the cowboy ruled the plains. Others come and wonder how the folks lived back in the horse and buggy days.

Mrs. Hughes, author of the article, is the wife of Jack T. Hughes, curator of paleontology at the museum. Mrs. Hughes is a former newspaper woman who knows how to put words together in an excellent manner. In the 1,200 word article she has accomplished what it would take most writers at least 2,000 words to do.

### SCHOOLBOY BONER

Thomas Becket met Henry on the altar steps, and said: "What, ho King!" Henry massacred him severely.

## Ben Guill Asks Advice on Race For Congress

Questionnaires have been distributed among a few Canyon people by advisers of Ben Guill of Pampa who wants opinions regarding his race for Congress.

Mr. Guill served as Congressman from the 18th Congressional District two years ago, being elected as a Republican. He was defeated in the November election by Walter Rogers in November of 1950.

It was reported from Chicago that Mr. Guill had stated during the Republican National Convention that he would be a candidate from the 18th Congressional District if Eisenhower was the Republican nominee. Guill later denied this statement.

The result of this poll will probably have a deciding point on the question of Guill's entrance as a candidate.

Dr. Ralph W. Sockman, Methodist preacher: "To every proposal of lasting betterment, we cynically say, 'You can't change human nature'."

The Soviet delegate told a UN body that the Russians had discovered radio and the airplane while Americans had invented only the waffle-iron, hotdog machine and electric chair.

Repairs to Wasp to cost the Government \$1,000,000.

Teardrop Calls Gin Shifts Clutch and Winds up Tragic

WITH THE FIRST MARINE DIVISION IN KOREA—So you think you have trouble with a well-organized statewide telephone service? Well, let's listen in on a military switchboard:

"Hello, Tragic? Gimme Clutch please."

"Sorry, sir, Clutch lines are busy. I'll give you Shift and you can reach Clutch through them."

"Shift? Clutch please. Hello, Clutch! What? NO! This isn't Magic, it's Tragic. Yes. 'Tare-Roger-Able-George-Item-Charlie — Tragic! Oh, you are Clutch. Sorry—Gimme Gin. Gin? Give me Wonder. No, I want 'Wonder', not Thunder!"

By now, it's difficult to realize who's more "shook"—the operator, or the caller. Of course, by now the caller is screaming into the receiver. The phone lines won't have it any other way.

"This is Teardrop, sir. Have you finished? Have you finished?"

"Teardrop! How 'inell did I get Teardrop? I was working on Gin—I mean I was talking to Gin."

"Gin? You reach them through Tragic, Sir."

"I know. I KNOW! But what in the name of Amache happened to my call for Gin?"

"Sorry, Sir. I'll give you Tragic."

"Hello, Tragic? Please. Please try awfully hard to get me Gin. This IS Tragic!"

Portable Stretcher Makes Beds Longer for Tall Men

WASHINGTON—The tall man can have a bed of comfortable length even at a hotel. He need only carry a pair of bed lengtheners to attach to the side rails of the bed.

The bed-lengtheners are adjustable and can be extended or shortened to meet the needs of the user. To install them, the tall man disconnects both rails of the bed where they are attached to the footboard. The adjusters then are hooked into the slots on the footboard and the hooks on the side rails are fixed into slots on the other end of the adjusters. The lengtheners are sturdy and there is no danger that the bed will collapse.

The inventor is Glenn Hill of Los Angeles, Calif. Patent rights are assigned to Irvin A. Brock of the same city.

Tar Goes Overboard To Return to Wife

LONG BEACH, Calif.—A coast-guardman who really went overboard for his wife was in trouble recently, facing investigation and court martial.

Buron C. Wimp, 20, leaped from the cutter Pontchartrain as the vessel steamed out into the Pacific. The boatswain's mate third class said he jumped because he could not leave his wife, an expectant mother.

The sailor was picked up from the sea off Point Conception by an inbound transport after he had been in the water about 2 hours.

"It's a good thing the Asbury Victory came along," Wimp said. "I was about ready to give up all hope. Another 20 minutes and I would have been gone."

"I kept thinking about my wife, Mary Lou, while I was floating out there in the water."

The Wimps had been married nearly three months, and shortly before he was ready to sail she told him she was expecting a child.

"After she told me that, I said I couldn't leave her, and she began feeling better."

Wimp said he made up his mind about an hour before his leap that he would jump from the ship and try to swim back.

The sailor said he put on a life jacket and waited until the cutter passed the Point Conception light-house.

Wimp leaped over the side unnoticed and started to swim. But the tide was strong, and he gradually was being swept out to sea when the Asbury Victory came into sight.

"I yelled myself hoarse before someone heard me. I sure was glad to get back aboard a ship."

Turkeys Insisted They Be Stolen, Thieves Say

BOSTON—Two men arrested as suspects in a poultry-house break-in told police you can't talk turkey with a gobbler.

The men were arrested and charged with breaking into a poultry business after they were arrested each with a live turkey under his arm.

They explained: "We heard a noise behind us and when we looked around there were two turkeys following us. We tried to shoo them away but they continued to follow us. So we picked them up."

Ordinary Firemen Paid More Than Their Chief

BUTTE, Mont.—Here they are paying more money to firemen than to fire captains who command them.

The city council has approved a budget which pays \$325 a month wages to experienced enlisted firemen, but nothing was done to raise the pay of fire captains from \$316.

Mayor Thomas R. Morgan says the budget can't be reopened now, so it will be that way for at least a year.

The Government eased the down-payment requirements on homes and apartment houses.

Church Women Elect New Officers

Mrs. Ples Harper addressed the Council of Church Women on backgrounds for present disturbances in South America at their meeting on Thursday, July 29, in the Presbyterian Church. A devotional talk was given by Mrs. Ray Campbell.

After the program, a business meeting was held, at which officers for the coming year were elected: President, Mrs. C. R. Burrow; Vice-President, Mrs. George Hill; Secretary, Mrs. W. R. Matsler; Treasurer, Mrs. I. F. SoRelle; Faith, Mrs. K. E. Frieze; Leprosy and Migrant Workers, Mrs. W. A. Miller; Community Issues, Mrs. Edwin Pettit; the Church and Its Outreach, Mrs. C. W. Warwick.

Following the program was a social hour, during which refreshments were served.

UMBARGER 4-H GIRLS GIVE BENEFIT PARTY RECENTLY

The Junior 4-H Club girls of Umbarger recently held a card party for the benefit of the club.

Refreshments of coffee, punch and doughnuts were served to the crowd.

During the evening a fishing rod and reel and a chenille bedspread were given away. The rod and reel went to Cecil Black, owner of the East Tip Service Station at Umbarger.

Recipient of the bedspread was Mrs. Frank J. Grabber. The club wishes to thank all who helped to make it a success.

TACTLESS

"Whenever I look at you," said the young man to his fiancee, "I think of those marvelous glamor girls you see in the pictures."

"Do you really?" said she, very highly pleased.

"Yes, but what's the use? A fellow like me has to be satisfied with what he can get."

SHOULD HAVE KNOWN

The neighbors were coming home from the funeral. "I'm sorry for Mamie," said one. "It's tough to be left a widow with three children."

"It is," replied the other. "But what could she expect? She knew he was a pedestrian when she married him."

SWELL TRICK

A drunk was watching a man enter a revolving door. As the door swung around a pretty girl stepped out.

"Swell trick," he muttered. "Don't shee how that guy changed his clothes so fast."

WHY NOT?

"Father," asked a small boy, "which can go faster, horses or busses?"

"Busses, of course," answered the father.

"Then why," asked the youngster, "don't you bet on the busses?"

GENEROUS

Clarice (motoring)—I said you could kiss me, but I did not say you could hug me.

Henry — Oh, that's all right; I just threw in the clutch.

SOONER OR LATER

"I'm telling you for the last time that you can't kiss me."

"Fine, I knew you would weaken sooner or later."

EVENTUALLY!

I saw you coming out of a saloon last night, late.

Well, I had to come out some time.

Carl T. Durham, a Representative in Congress from North Carolina and a former pharmacist, is in line to replace the late Senator Brien McMahon as chairman of the Joint Committee on Atomic Energy. He is not likely to be as aggressive in promoting atomic development as Senator McMahon was.

It is beginning to be an accepted official view that Joseph Stalin will keep the war in Korea going at least until a new President has taken office in the United States. The Korean war then can become a bargaining point in any moves by a new Administration to arrange a deal with the Russians.

Winston Churchill, British Prime Minister: "Conceit consoles a man about that which he cannot bear; humor consoles him about what he is."

Labor is the curse of the world, and nobody can meddle with it without becoming proportionately brutified. —Nathaniel Hawthorne.

Rev. John C. Blackford, preacher: "The lines on the face are the shorthand of the soul."

Jack L. Warner, movie magnate: "Nothing can be so fatal as sitting and waiting for the future."

Omar N. Bradley, General of the Army: "The way to win an atomic war is to make sure it never starts."

Rev. Harry Wolff, New York preacher: "The world will never be any better than the people in it."

## 4-H Club Party Held to Present Scholarships and Initiate Officers

Six 4-H Club members were honored with scholarship awards at a special party conducted for the organization Friday night. The party was given in the spacious hall above the Samuelson Motor Company. Members of the club acclaimed a special vote of thanks for the free use of the hall in which to have their party. There was approximately 100 persons in attendance.

John Brazzil kept events of the evening moving with exciting games and contests among the club members. The contests started when the club members first entered the hall. They were asked to make a hat from a paper bag. After the hats were completed the club members paraded by two judges and a winner was selected from the boys and from the girls. The winners were Lynn McKinney and George Kuehler.

In another game the youngsters were allowed to demonstrate various kinds of handshakes. Some of the handshakes exhibited by the youngsters were: pump handle, model T, hydramatic, chinese handshake, lumberjack, milkmaid and garbage man.

After several other games had been played the initiation of the new officers and the awarding of scholarships took place. Flash-bulbs sent brilliant bursts of light through the building as Lou Ella Patterson, Randall County Home Demonstration Agent, took pictures of officers and members receiving the scholarships.

New officers installed were Doris Bourn and Larry Porter, co-chairmen of the advisory committee; Teddy Lowe, vice-chairman; Betty Burrus, secretary; Mickey Bryan, treasurer; Art Miller, reporter.

Scholarship awards were given to three boys and three girls of the club by Mrs. Doris Leggett. They are: Doris Bourn, Bernice Grabber, Alby Ann Kuehler, Larry Porter, Doyle Bourn and Arvie Marshall. The awards from the U. S. Gas Company are good for one week all expense paid trip to Leader's Laboratory at Bastrop.

Doris Bourn has been a 4-H club member six years and has worked on such projects as clothing, food, preparation, food preservation, and bedroom decoration. She has held such offices in the club as president, secretary, treasurer, reporter and song leader.

Bernice Grabber is a five year member of the 4-H club. She has worked on clothing, food preparation, food production and food preservation. She has also served as a member of the club choir.

Alby Ann Kuehler is a five year member of the club. She has served the club as reporter and has done work in food preparation, food preservation, food production, bedroom and clothing.

Larry Porter has been in the club five years. His projects include beef animals, swine, field crops, poultry and rabbits. He was a council member for two years.

Doyle Bourn has been a 4-H Club member for six years. His projects include beef animals, dairy, swine, and field crops. He is a past president.

Arvie Marshall is a three year club member who has completed projects in baby beef steers, commercial steers and tractor maintenance. He has attended many club activities and is now a member of the County Advisory Council.

Mr. and Mrs. Dale Killingsworth and children spent the week end in Channing with his parents, Mr. and Mrs. J. N. Killingsworth. Sherry and Jimmie remained in Channing to spend the week with their grandparents.

Olin E. Hinkle and son, David, left Monday morning to return to their home in Austin after spending a week in the homes of his parents, Mr. and Mrs. W. J. Hinkle, and with his sister, Mrs. Bill Money.

Mr. and Mrs. Clay Dawson returned Friday from a vacation trip to points in California. They felt several of the late earthquake tremors and passed through some of the ruined towns as they returned home.

Mr. and Mrs. G. C. Hurchinson of Tulsa, Mr. and Mrs. N. E. Gass of Hereford and Mr. and Mrs. J. P. Whittington of Amarillo were Sunday guests in the N. E. McIntyre home.

Mr. and Mrs. Gerald Warwick and daughter, Ann, left Saturday for a two weeks vacation trip to the Ozarks and with relatives in Iowa.

Mrs. J. W. Shanklin of Houston is visiting in the home of her sister, Mrs. J. A. Hill. She was joined here by her son, Harold Shanklin, and family of Portales.

Mr. and Mrs. Ken Williams of Waco are visiting with their parents, Mr. and Mrs. Floyd Tomlinson, and with his parents in Plainview.

Mr. and Mrs. A. W. Harding and son left Saturday for Bowie where they will make their future home in order to be near the home of Mr. Harding's parents.

Mr. and Mrs. Dan F. Sanders and son, Richard, are on a vacation trip to the West Coast where they will spend three weeks.

Peat is fuel made of partially carbonized vegetable matter.

## Children Should Be Ready for Opening Of School in Fall

Dr. Geo. W. Cox, State Health Officer, urges the parents of all children who will respond to the school bell for the first time in September to be sure the child is physically ready for school duties.

"First and foremost is the need for vaccination against smallpox. Parents should see that children are vaccinated before they are one year of age; however, if done previously, at school age vaccination becomes absolutely necessary," Dr. Cox said. "If your child has not been vaccinated, have it done immediately for his own protection and that of others."

Immunization against diphtheria is also highly important, Dr. Cox declares. This disease which causes serious illness and deaths among young children can be prevented with toxoid. The child who has never been protected should be given this safeguard against a dreaded killing disease. Even though he may have been immunized as a baby, doctors and health officers usually recommend an additional dose of toxoid to strengthen immunity before entrance into school.

"In addition, before you send your child to school you are urged to take him to your family physician and dentist for a thorough examination," Dr. Cox adds. "You will want to know that he is in good physical condition and can compete with other children on equal terms. If the check-up reveals any weakness or defects they should be corrected at once. Don't let your child start his school life with any avoidable handicap."

## HOME FROM NEWFOUNDLAND

Airman Second Class H. C. Dawson flew home Saturday from Pepperell Air Force Base, St. John, Newfoundland, on a 20 day leave. He has been away 14 months and will return to Pepperell for another year at the close of his leave.

Mr. and Mrs. Leroy Pitt and son, Larry Wayne, left Sunday morning for Springer, N. M., to visit with Mrs. Pitt's aunt, Mrs. Dick Pair and family. From there the Pitts will go on to Colorado Springs, Denver, and other points of interest in Colorado before returning home.

Mr. and Mrs. John Robinson and family spent last week end in Stinnett visiting with the Donnie and Lavert Avent families. They also visited in Amarillo with his parents, Mr. and Mrs. W. L. Avent, Sr., and with Mr. and Mrs. Waggoner and family.

Mrs. L. A. Murphy is leaving today for points of interest in California. She will visit with her son, Ray, who is in the Marines and with other relatives.

Mr. and Mrs. Tom Standley of Elk City, Okla., spent the week end in the S. R. Hood home.

## RECOVERING FROM SURGERY

J. W. Kleinschmidt underwent major surgery on July 21 at Scott and White Hospital in Temple. He is recovering nicely and expects to be at home within the next two weeks.

Mr. and Mrs. J. C. Dowd spent last week in Spiro, Okla., visiting in the home of Rev. and Mrs. R. C. Helmich and daughter.

Mr. and Mrs. Jack Frost and family of Endee, New Mexico, visited last week in the John Robinson home.

Mr. and Mrs. Homer Massey and children left Wednesday for Newman, Calif., after having visited Mr. Massey's aunt, Mrs. G. B. Bourland.

Watch a woman's eyes and you get a pretty good key to her character.

Take, for instance, the things that cause a startled expression. Some few women reserve this look for really momentous situations, such as seeing their home on fire or one of the children on the verge of drowning. For others it's an everyday condition.

We know one big strong girl who gets it at the mere mention of giving up desserts. Another looks as if she's dodging guided missiles if anyone suggests she walk more than three blocks at a time. For others, it's the sug-

gestion that they arise at six a. m., make a speech or launder their own clothes. Some women get it at the prospect of being ten minutes late anywhere, even to a picnic.

Many register shock if they see their husbands talking to an attractive woman. Even if the conversation is strictly business, the wifely expression still says someone's poaching.

Perhaps the worst cases are the traffic victims: the girls who see a crisis at every intersection. By the time they've driven — or more usually, ridden — across town, their eyes have flashed some two dozen potential calamities. Multiply this by 365 days in a year and the usual number of years in a lifetime, and you get some idea of the number of brain shocks those startled eyes have recorded.

We've often wondered what some of the women who "scare easy" would look like in a real emergency. It could be, of course, that these daily optical gymnastics keep their nervous systems limbered up for the sure enough catastrophes. Whereas, the calmer souls, who won't bat an eye unless they have to, might simply pass out if forced to exercise those protected eye muscles.

Mrs. G. B. Bourland left Monday to visit with her daughters and their families: Mr. and Mrs. A. B. Dawn in Trinidad, Colo.; Mr. and Mrs. Grant White in Las Vegas, N. M.; and Mr. and Mrs. Paul Dailey in Albuquerque, N. M.

Sgt. Kenneth Hillier spent Saturday evening in the home of his brother and sister-in-law, Mr. and Mrs. Charles Hillier. He is stationed Fort Riley, Kansas, and is slated to be discharged from the Army September 20th.

Mr. and Mrs. Oren Fisher and family and Billy Joe Kennedy spent last week vacationing in Carlsbad and other points in New Mexico.

Mr. and Mrs. Joe Prichard left Saturday for a fishing trip to Colorado.

A motor rewind here has its full rated horsepower — the work is superlatively done by specialists and is wholly guaranteed. Regardless of type, size, make — we can service your electric motors perfectly, economically.

# WARREN'S

# Mrs. I. C. Jenkins Was Pioneer Teacher

MRS. MARY MCGEHEE JENKINS

(By Mrs. Clyde W. Warwick)

Mrs. I. C. Jenkins, nee Mary McGehee, came to Texas with her parents, four sisters and four brothers from Georgia. They left there in the fall of 1881, traveling by train to the Mississippi River then taking a steamer across from Vicksburg up to Arkansas City. They were water bound in Arkansas until the spring of 1882. In the very damp Trinity bottom land valley east of Dallas, all the family contracted malaria and Mr. McGehee died from it. Mrs. Jenkins said all of them "chilled" for several months.

Mrs. Jenkins' ancestors had come to America from Scotland, where they had been ardent and loyal supporters of Mary, Queen of Scots. When she was dethroned they were forced to flee for their lives and for safety reasons changed their name from McGregor to McGehee.

The correct pronunciation of McGehee is McGee, the "hee" being silent. The McGehees hoped their beloved queen would be restored and they would again be in favor. As they began to realize that these hopes were futile, they sought refuge in other countries and as soon as it was possible to come to the new country, America, most of the clan came, landing in Virginia.

From there they traveled on westward and southward, settling in several of the Southern states. Mrs. Jenkins' immediate ancestors settled in Georgia. None of the clan has ever taken back the name of McGregor.

## Arrived in Texas

In the spring of 1883 her family finally arrived at its destination, the small town of Sowers, twelve miles southwest of Dallas. Here they purchased land and lived for ten years. While living there Mary McGehee taught school at Minters Chapel and later taught in Dallas County at Shadow Grove. Her sister Emma, Mrs. Rogers, lived at Minters Chapel and Mary lived with her while she was teaching this school. This is the same Mrs. Rogers who later moved to Canyon and made her home here until her recent death.

## Was An Early Teacher

These schools were only held during the three summer months

the prairie without a trail, crossing the canyons at what is now known as the Six Mile Crossing, fording the creek there. It took all day to drive to Amarillo.

They carried food to eat on the trip and made coffee over a campfire built of cow chips. Many tales have been told about the cow chips.

## Use of Cow Chips

Fuel and water are two absolute essentials for the pioneer and Mrs. Jenkins says nature had provided this form of fuel on the treeless plains. She says the cattle ate only grass and these "so-called cow chips" were cakes of grass, washed by the rain, dried by the sun into convenient cakes of fuel. They burned readily, were smokeless and had no odor.

At dark they came to a fence and decided to make camp there. When daylight came the next morning they found that they had camped at the Amarillo Cemetery! They drove on into town, loaded their lumber and bought up provisions for themselves and their neighbors.

## Bought Many Provisions

Every one who made the trip to Amarillo tried to buy provisions for himself and all his neighbors for several months as it was such a long hard trip into town. They bought their flour and corn meal in 50 pound sacks. Sometimes weavils would get into the flour and meal and they would have to sift all of it. They never threw any away, just sifted the weavils out. It was too hard to get to be thrown away and anyway they "hadn't heard of germs then."

On this trip as soon as the wagons were loaded they started the trip home. Unable to make the trip in one day, they camped the second night about ten miles from their home. On the entire trip they met not one single person between their home and town or town and home.

## First Home of 3 Rooms

Their three rooms had dirt floors and dirt roofs. For the roofs they put up a large ridge-pole, placed logs from the ridge-pole to the walls and covered this with dirt. Mrs. Jenkins says the dirt never sifted through. The wind did not blow it off but occasionally the rain would come through and they would add more dirt to the roof.

They burned "coal oil" lamps and hauled their water in barrels from a windmill several miles away until they could dig their own well.

For meat they would butcher a yearling and in the winter hang it out doors where it kept perfectly. In summer one of each of the families who lived in the surrounding country would butcher a yearling and divide it among the others thus keeping all of them in fresh meat.

## Neighbor of the Family

Living in the surrounding country were eight other families—the McSpaddins, Rices, Bradfords, McFarlands, Fishers, Madisons, Bradshaws and Records.

When the surveyor, Mr. Twitchell, came to survey their land he set his compass in the middle of their dirt roof, thus making sure they were on their own land. The law required that the homesteaders live on the land and improve it. This land, all but Mrs. Jenkins' 80 acres which she sold to her brother, is owned today by Miss Sallie McGehee, Mrs. Jenkins' sister who lives at 1907 3rd Avenue.

## Built School House

The first year they were in their new location, W. D. McGehee, Mrs. Jenkins' brother, and Jesse Bradford solicited money to build a school house. The county aided in the building. This was used for school, Sunday School, and church. A union Sunday School was held and today, 60 years later, a union Sunday School is still held there. The school house was named Beulah School for a daughter of Mr.

McSpaddin. Miss Sally McGehee was the first teacher.

Mrs. Jenkins taught school at Wayside, Fairview and Hoffman, teaching until August, 1897, when she and I. C. Jenkins were married.

## Met I. C. Jenkins

On April 15, 1893, a group of young people from around Beulah and Fairview went to the South Ceta Canyon for an all day picnic. Mrs. Jenkins remembers the date well as it was the first time she met Mr. Jenkins and it was his birthday.

When the young people arrived at the canyon they found Mr. Jenkins and Jim Poston looking after cattle and guarding the timber in the canyons. They were working for the T-Anchor Ranch which John Hutson, an Englishman, was managing and he would not allow anyone to cut the live timber in the canyons. However, they could take all the dead timber they wanted.

The picnic group invited these two young men to join them and this day marks the beginning of the McGehee-Jenkins courtship.

## Jenkins Born in Canada

Mr. Jenkins had come to Grayson County from Canada and from Grayson County to Randall County in 1885, working for the T-Anchor Ranch for 12 years. In 1897 Mr. Jenkins filed on land along the Terra Blanca Creek. Mr. Hutson, like all the cattle men, did not want the ranch land broken up into farms and whenever one of his cowhands filed on land he fired him.

He fired Mr. Jenkins when he filed. This land is still in the Jenkins' estate and is operated by Merle Jenkins, a son of Mr. and Mrs. Jenkins.

## Used 18 Horses

The cowhands were paid \$30 per month and were furnished their board, room and horses. Mrs. Jenkins is not positive but she thinks Mr. Jenkins, an outside man who went to all the roundups at the time of gathering cattle, was furnished with 18 horses. He would take nine with him and leave nine at home to rest. The cowhands furnished their own saddles.

## Moved to Canyon Home

Mr. and Mrs. Jenkins lived on their original claim until 1907 when they moved to Canyon. Their two sons, Ira and Merle, were born on the ranch.

The year the college was located at Canyon, 1910, they built the

home at 1911 3rd Avenue where Mrs. Jenkins and Merle live at the present time. This home was built by John Turner who had been the cook at the T-Anchor Ranch. Their son, Ira, married Louise Shanklin and they have a daughter and son. Mrs. Jenkins is proud of these grandchildren. The granddaughter resembles Mrs. Jenkins closely. Ira and his family live in Houston where he is employed by Star Engraving Company.

## Keen Interest in People

Mrs. Jenkins' hobby, beginning with her school teaching days, has always been people. She has taken a keen interest in people and in the effect their influence has on events of the day and the future. At an early age she joined the Methodist Church and has loyally supported it throughout the years with her time, money and efforts.

Kind hearted, courageous, wise, loved by all, her efforts have added much to the cultural and religious life of the early pioneers and to the present. Today she regularly attends Sunday School and church.

Her deafness has caused her to discontinue active work in the Missionary Society and in the Woman's Book Club of which she is a charter member. Her quick summing up of a difficult problem and her keen sense of humor have helped in many situations.

Mrs. Jenkins has lived a simple, sincere, dignified life of usefulness, giving always of her best to the development of this community.

With humble pride she wears the crown of teacher, wife, mother, grandmother and friend nor would exchange it for the jeweled crown of any queen.

## Comstock Speaks To Lions About Missionary Work

Jim Comstock who has recently completed a tour of missionary work in Columbia was the speaker at Lions Club luncheon Wednesday. He told the Lions that missionary work was an attempt to spread

Christianity by placing a Bible in every home in these foreign countries. Comstock explained that the length of his missionary tours was four years. His next foreign duty in this field will be in Ecuador.

Mr. Comstock is the father of four boys. Two of them were born in the United States while the other two were born in Columbia. In his speech he pointed out the poor, unkept condition of the country. He also explained that the best way to travel in Columbia was by plane. The speaker pointed out

that the country had only two classes of people, the very rich and the very poor.

The Lions welcomed one visitor to the luncheon Wednesday. He was Wayne Bagley.

# MANY THANKS

I certainly appreciate the support of the voters of Precinct No. 1 who have stayed with me throughout the years.

I have stood for law enforcement in Randall County, which is so greatly appreciated by all citizens.

I have had the closest cooperation of the State Highway Patrol and the law enforcement officers of Randall county.

Best luck to my successful opponent as he takes office on January 1st.

## B. F. MACHEN

## CARD OF THANKS

We wish to take this opportunity  
to express our great appreciation  
to our many friends who have been  
so faithful and wonderful to us  
during the long illness and the  
death of our husband and father.  
Personal calls, letters, cards and  
other expressions of kindness have  
helped us to carry on for more  
than five years.

Mrs. R. M. Gibbs and children.

President Truman discovers that  
not all Democrats are enthusiastic  
about having him wage a whistle-  
stop campaign for the ticket. He  
is finding that at least some of  
the men around Stevenson don't  
want it.

Friends of Governor Stevenson  
compare his literary style with  
that of Abraham Lincoln, not that  
of Woodrow Wilson or Winston  
Churchill. Mr. Churchill inclines  
toward wordiness and a few spark-  
ling phrases. Woodrow Wilson  
went in for longer sentences. Stev-  
enson likes short, direct expression.

The so-called "palace guard" in  
the Truman Administration is start-  
ing to look for jobs. Some of the  
White House group had hoped up  
to the last that the President could  
be drafted for a third term.

## Cattle on the Gordon - Cummings Place in 1908

The above picture looks very natural in 1952, but it was taken by the late M. S. Lusby on the C. L. Gordon-Cummings place southwest of Canyon in 1908. The scene was taken along the Tierra Blanca Creek, which is a tributary of Palo Duro, the two joining northeast of Canyon.

## Retiring Faculty Members Feted

Miss Darthula Walker honored two college teachers who retired this year, Mrs. Lou Ella Reeves and Miss Edna Graham, with a lawn party Friday evening.

Guests included Mr. and Mrs. Bill Smith, Miss Louise Orr and Miss Anna I. Hibbitts of Amarillo, Mesdames John S. Humphreys, Stuart Condon, D. A. Shirley, R. P. Jarrett, Miss M. Moss Richardson, Mr. and Mrs. T. B. McCarter, Dr. and Mrs. J. A. Hill, Dr. J. R. Dufort, Mesdames Nancy McCaslin, Virgil Martin, James P. Cornette, B. F. Fronabarger, Misses Jean Moore, Gladys Armstrong, Mae Simmons, Linnie Babston, Elva Fronabarger, Dr. Ima Barlow, Dr. Hattie M. Anderson, Dr. and Mrs. Ples Harper, Dr. B. F. Fronabarger, Jr., and Mrs. Shanklin from Houston.

Watermelon, ice cream and fresh fruits were the delicious refreshments.

The evening was spent on the spacious lawn with chatter and reminiscences.

## Bridal Shower Honors Couple

Mrs. Louis Thomas and Mrs. Albert Fithen honored Mr. and Mrs. Robert Costley with a bridal shower in the Fithen home on August 2 at 8:30 o'clock in the evening.

After the gifts were unwrapped and exhibited, cookies, cakes and ice cream were served to Mr. and Mrs. Glen Costley and son, Mr. and Mrs. Bob Gatlin and family, Mr. and Mrs. Floyd J. Thomas, Mr. and Mrs. Tom Coombes and daughter, Mr. and Mrs. Louis Thomas and family, Mr. and Mrs. James Mayer, Mr. and Mrs. Verdie Yarbro and family, Mr. and Mrs. James Fletcher and family, Mr. and Mrs. Forest Bennett and family, Mr. and Mrs. Alvin Gooding and daughter, Mr. and Mrs. T. T. Triplett and family, Mr. and Mrs. Cecil Hill, Mr. and Mrs. Donald Davis and family, Mr. and Mrs. C. J. Yarbro and family, Mr. and Mrs. Bob Barnhart.

Those sending gifts but unable to attend were Mr. and Mrs. E. L. Barnett, Mr. and Mrs. E. R. Barnett, Mr. and Mrs. A. L. Barnett and family, Mr. and Mrs. Russell Barnett and family, Mr. and Mrs. Arvin Triplett and family.

## THANKS

A. H. (Tony) SIMON

I wish to take this opportunity to thank my good friends, who saw their way clear to support me in the primary election. To show my appreciation, I announce now that I will be a candidate for Commissioner Precinct No. 1 in the next primary in 1954.

Thanks again Friends,

**TONY SIMON**

## Teachers Honor Wootens With Farewell Coffee

Saturday morning, August 2, the Classroom Teachers of the Canyon Public Schools honored Mr. and Mrs. E. W. Wooten with a farewell coffee in the home of Mrs. B. F. Fronabarger at 10 o'clock.

Guests were greeted by the outgoing president of C. T. A., Mrs. Irene Ball. Miss Elva Fronabarger and Mr. and Mrs. Wooten formed the informal receiving line.

Names of the 40 guests were secured by Loyd Devin, incoming president of C. T. A.

Attractive arrangements of garden flowers decorated the entertainment rooms.

Mrs. John Davis and Mrs. T. W. Collins presided at the beautiful silver and china appointed serving table. Hot tea and coffee were served with fresh white grapes and hot coffee rolls from the ecran lace draped table that was centered with a graceful grouping of pink asters and baby breath.

During the informal visiting period following the serving, Mr. and Mrs. Wooten were presented with a sterling cream and sugar set on a tray and a sterling covered vegetable dish, in behalf of all the teachers in the public school system. This gift was presented as an expression of appreciation of Mr. Wooten's friendship and of his work with them for the upbuilding of scholarship and material standards of the school during his six years of service as superintendent here.

While it was with regret that the faculty bid them adieu, their best wishes go with him in his new work as superintendent of the Dumas schools.

Mr. and Mrs. Ernest Russell and daughter are making their home in Amarillo. Mr. Russell is working at Star Lumber Company.

Mr. and Mrs. Joe Russell of Amarillo and Mrs. Letha Lehnick spent Sunday evening in Tulia in the home of Mrs. Lehnick's daughter and family, Mr. and Mrs. Carroll Love.

## LaFON FAMILY HOLDS FAMILY REUNION HERE LAST WEEK

The J. R. LaFon family has been having a reunion the past week, in the LaFon home east of Canyon, the Hugh Currie ranch south of Amarillo, and the Stuart Condon home in Canyon. All of the children were present with the exception of the son, J. Lowell LaFon, of Albuquerque, New Mexico.

Daughters and their families here were Mr. and Mrs. Ross Harwood Beville and son, Harwood, of Takoma Park, Md.; Mr. and Mrs. Harold Shanklin and daughters, Linda and Patsy, of Albuquerque, N. M.; Mrs. D. B. Pope and daughter, Carol Lynn, of Lubbock; Mr. and Mrs. Hugh Currie and sons, Jimmy and Hugh Bob, of Amarillo; Mr. and Mrs. Stuart Condon, and children, Bob Jan, Johnny and Mikey, of Canyon.

Mr. Beville returned to his home Thursday; his wife and son will remain in Texas visiting relatives and friends for a few weeks.

## JOHNNY CONDRON HONORED ON 4th BIRTHDAY SATURDAY

Johnny Condon was honored on his fourth birthday with a party Saturday afternoon at the home of his parents, Mr. and Mrs. Stuart Condon, Jr. The young guests were entertained with comedies and short subjects. Movies were also taken of the group.

Refreshments were served to Rebecca Price; Patty and Janet Callihan; Andy Moreland; Jody Sheets; Bill, Tom, and John Scott; Jan and Jill Jarnagin; Michael and Bobby Bellah; Layne Cosby; Mary Ann Wheelock; Patty Bledsoe; Randy Warren; Kathy Jackson; Linda Lowes; Linda Shanklin of Albuquerque, N. M.; Bob, Jan, Johnny and Mikey Condon.

Mr. and Mrs. Leroy Lowry and daughter, Sharon, of Claude, Mr. and Mrs. O. D. Lowry and son, Jimmy Dick, of Hereford spent Sunday afternoon in the parental R. D. Lowry home. Jimmy Dick will enroll at Texas A&M next month.

Mr. and Mrs. W. M. Thompson and children spent Sunday in Plainview visiting her parents, Mr. and Mrs. J. S. Hayden.

## Dear Priscilla —

Wonderful hearing from you after all these years. To think you are in New Mexico and on a ranch. Now we can visit.

And Nancy is old enough to go to college and coming here! Yes I surely will dress her just right, and will not spend all your money!

Mother and I are both busy in the middle of a deep cutting sale. All of our stock goes, including shorts, squaw dresses — calico skirts, quilted and plain.

You sound real H. D. B. F. with a ranch and all. Sure am glad. H. D. B. F. is my name for rich people meaning Horsey, Doggy, Birdy, Fishy.

Rushing now — in answer to your questions about our Palo Duro Dress Shop (P. D. D. S.) — it's our Baby and we love it — and like best of all designing and dressing our friends!

Have to brag when I tell you one of our H. D. B. F. friends has just had us send two of our designs to Paris — not Paris, Texas, Deah! — Paris, France!

Love and Kisses  
PLH from PDDS

## CUB SCOUT PACK 31 MEETS

The regular pack meeting of Pack 31 was held in the basement of the Presbyterian Church last Monday night. Dudley Bayne, Cubmaster, presided.

The dens presented their stunts and skits they had been working on during the month of July. The theme for the month of July was Know Your Neighborhood and Safety.

An attendance count was taken of parents and visitors of the various dens, and Den 4, under the leadership of Mrs. Stuart Condon, took home the flag this month. Various awards were made to individual Cubs. The meeting was adjourned with a den yell from each den.

## DEN 5 TOPPLES DEN 4 IN BALL GAME AT SCHOOL GROUNDS

Dens 4 and 5 of Pack 31 had a softball game last Friday night at 6:30 on the high school football field. Den 5 beat with a score of 23 to 12. Winning pitcher was George Prichard. Losing pitcher was Bob Condon. The game was a 5-inning affair and was played before a crowd of around 75 spectators (sometimes participants).

Coach of the winning team was Tom Platte. Coach of the losers was Stuart Condon. Den mothers of the two dens are Mrs. John Robinson and Mrs. Stuart Condon. Bob Bellah was referee. The teams plan to continue their rivalry in other games this summer.

Mayor and Mrs. Andy Walsh and their son and daughter-in-law, Dr. and Mrs. Andy Walsh, Jr., returned Tuesday from California where they visited in the home of Mayor Walsh's mother, Mrs. Ida Walsh.

Mr. and Mrs. H. A. Sykes and children, Jimmie, Patsy, and Mike spent last week touring Colorado, Kansas, Arkansas and Missouri.

Mr. and Mrs. Bill Money, Miss Billie Marie and Claude, have returned from a fishing trip to Colorado.

Vora Lou Stone and June Davis are spending this week in Ruidoso, N. M., on vacation.

World productions rising less sharply, U. N. says.

## Records of Past Elections Are Played Luncheon Tuesday

Dean Walter Juniper was in charge of the program Tuesday noon at the Rotary Club luncheon. He chose as a subject past national elections, and presented phonograph records which explained the thoughts of those days.

In the year 1920 women were casting their first votes in a national election. The 18th amendment was the key to campaign, with James M. Cox and Warren Harding as the candidates; and Pat Neff as Governor of Texas. Marvin Jones was making his first race for Congress.

A record of 1900 was played, in memory of Casey Jones, dedicated to the memory of those who lost their lives near Waco Monday in the terrible highway accident.

In 1928 prohibition was the keynote, with the Republicans standing for the dry amendment, and the Democrats for a wet amendment. The candidates were Herbert Hoover and Al Smith. A record was played of Amos and Andy discussing the campaign issues.

Bill Lee was presented as a new member by Frank Morgan; and Joe Bailey was introduced as a new member by Lee Johnson.

Visitors were: Tommie Thompson of Canyon; R. B. Stewart of Palmyra, N. J.; Bob Lindsey of Borger; Glenn H. Wright of Erick, Okla.; Van H. Allm, Roy P. Eastland, Ken Bell, L. Wood Jackson, E. Jobe, Oran Thomas, A. G. Attebury, all of Amarillo.

## CUB SCOUTS OF DEN 4 MET TO STUDY CONSERVATION

Den 4 met at the home of their den mother, Mrs. Stuart Condon, Monday afternoon. Theme for the month of August will be Conservation. A discussion was held on ways for Cubs to conserve.

A new Cub, Duane Kizer, was welcomed into the den. The remainder of the meeting was spent in the showing of movies that had been taken of the boys.

Refreshments were served to Phil Pennington, Bob Condon, James Boyd, Jesse Sheets, Eugene Blasdel, Eddie Pettitt, and Mike McAttee.

Candidate Eisenhower and the Republicans are being told that they still have a chance to carry Virginia and Texas in the South even though the Democratic Party avoided a split and nominated a Southerner for Vice President. Virginia Democrats, in particular, are miffed at the move of left-wing Democrats to try to make them take a pledge of loyalty to the party.

Adlai Stevenson, as Democratic nominee, is discouraging any inclination of high officials of the Administration in Washington to start a trek to Springfield to visit him. Stevenson hopes to overcome any impression that he is tied to the Truman regime or that he is taking directions from it.

Dean Acheson, U. S. Secretary of State, turned a cold shoulder to France in response to the latest French attempt to "high pressure" this country into giving a big new handout of emergency dollars. American officials tend to jump into action with less alacrity at cries of alarm from France that collapse of Government and arms effort is imminent unless more dollars are poured in immediately.

General Eisenhower will move his political headquarters from Denver to a point in the East before campaigning really gets under way. The Republican nominee may take up residence on his farm near Gettysburg, Pa.

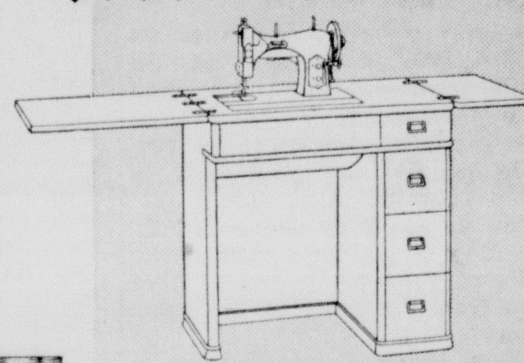

Richard Nixon, California Senator and nominee of Republicans for Vice President, is going to carry the campaign offensive against the Democrats. Dwight Eisenhower will operate on the higher level of broad policy, avoiding some types of attack on an Administration in which he played a part.

Latin American homes are noted for their patios.

Texas leads all states in railway mileage with a total of 16,473 miles.

Leaders of the left wing in the Democratic Party, who supported Senator Kefauver and Averell Harriman for the Democratic nomination, now are starting to edge up to Adlai Stevenson. Governor Stevenson's big problem may be how to play along with left-wing supporters without becoming their captive.

Bess Truman, the President's wife, regards herself as the real victor of the Democratic Convention. Mrs. Truman, right up to the last, was fearful that something might happen to upset her plans to get Harry Truman out of

the White House on next January 20.

Some astute Democratic political leaders are saying that if the Liberal Party in New York backs Governor Stevenson in November, as it probably will, the Democratic nominee will have an excellent prospect of carrying New York State with its 45 electoral votes.

If truce negotiators in Korea should happen to agree upon terms for exchanging prisoners, the Communists then will reopen another truce clause for discussion that could go on for years.

The trick in being a successful politician is to keep everybody happy. Simple, isn't it?

When you boil it down to its essence, what it takes to win in politics is votes — more votes than the opposition has.

To get votes, you've got to persuade people that your side is better than the other side.

How do you keep people together? How do you keep them in the ranks of your party and prevent them from deserting to the opposition?

There is no simple answer to the question. It is as complex as human nature.

For example: To win elections

**FAST RELIABLE SERVICE  
CHARGE TO YOUR PHONE  
CALL WESTERN UNION  
AT THE PHARMACY  
WEST SIDE OF SQUARE**

you must have campaign workers. When the voting is all over, these people want some kind of recognition.

How are you going to satisfy them?

Some of them are going to want places on the public payroll. You can't hire them all. Some will have to be disappointed.

Some are going to want favors from you when you take office. Some of these favors can be reasonably granted. Others will be out of line.

It doesn't make any difference how careful you are; some of your supporters are going to be disgruntled. They are going to leave you. The trick is to be more adept at winning and keeping friends than your opponent is.

There are some politicians who will promise anything to get in office. As if that were not bad enough, they will promise one thing to a particular faction and the opposite thing to an opposing faction.

I do not believe that double-dealers of this nature can long remain in public office. The public is going to find out sooner or later that the offender is guilty.

During the present political campaigns, candidates are being asked

## News In Canyon 25 Years Ago

(Taken from the files of  
The Canyon News of  
August 4, 1927)

Mrs. Blanche McAdams has been appointed postmaster at Umbarger and the office will reopen Monday.

President Calvin Coolidge uttered his famous words: "I do not choose to run for President in 1928."

Four proposed constitutional amendments were defeated by the voters of Texas.

The State Highway Commission issues warning that Randall county must settle the differences in the location of the highway to Amarillo.

Harley Sadler established a \$100 per year scholarship for work in dramatics.

by many people how they stand on a great variety of questions.

Whether or not the candidate gets the support of the interviewer depends on his answer. Whether he is going to be elected depends on his platform, his viewpoint on many public issues.

Candidates frequently try to say that they are going to improve and expand public services without increasing taxes. On the face of it, that proposition seems impossible.

The fact is, however, that increasing revenues from gas and oil have enabled the state government to keep pace with modern demands without greatly increasing the tax burden.

Campaign promises and platforms are designed to get votes—there is no getting around that. There is justification for it, though, in the fact that, after all, it is the people's government. They should have the kind of government they want.

They should study platforms and promises, however, to determine when and by whom there is an attempt to deceive them—to win their votes by the offer of something for nothing.

I would like to say a word for those individuals who vote their convictions without thought of self. There are citizens, I know, who go into the ballot box without thinking of a subsidy from the government, of old age assistance, of farm grants, or bridge-building across the nearby river.

There are citizens who vote according to what they believe is best for town, county, state, and nation.

These citizens are not thinking of government jobs, of personal power or influence.

The only way for a candidate to win and keep these citizens is to woo them with sound, economical, and efficient government.

I recommend a rising vote of appreciation for this kind of voter.

## Burrus To Play For North With Texas All Stars

RAY BURRUS

Ray Burrus, son of Mr. and Mrs. H. W. Burrus of Canyon, has been selected to play for the north in the annual Texas High School All-Star basketball game at Fort Worth August 7. During his 12 years in the Canyon Public Schools Ray has made an excellent record for himself.

During the last term of school, Ray was president of his class. He was also chosen as Personality King.

Ray played on the Class A football team for three years. He made the A squad on the basketball court for four years. Two of the years on the football team Ray placed on All-District and All-Regional teams. In basketball he placed on All-District and regional meets for three years.

While attending high school Ray made five trips to Austin to represent Canyon High School. He went twice in basketball and three times in track. At present he holds the state high school record in the discus throw.

Ray plans to enter West Texas State College this fall. At WT he plans to join the basketball squad piloted by Coach Gus Miller.

Sims, lot no. 23, block "P," Broadmoor Addition.

The Long-Bell Lumber Co. to C. E. Wyrick, all of lot no. 2 in block "W," Broadmoor Addition.

Joe L. Lipscomb and wife, Jane Bivins Lipscomb, to Holley W. Reed and wife, Dorothy Lewis Reed, lot no. 54 in block "Z," Broadmoor Addition.

Clifford McMurtry and wife, Lillian McMurtry, to Clayton Heare, a tract of land out of section no. 1, block no. 2, J. Poitevent Survey.

Troy F. Jones and C. L. Munday to Wyrick Construction Company, the south 51 feet of lot no. 2 and all of lot no. 3, the north 50 feet of lot no. 4, all of lot no. 13-C, South Lawn.

James I. Payton and wife, Mag Joe Payton, to Elmer Winters, the southeast one-fourth of section no. 132, block no. 9, BS&F Survey.

Sam D. Rafkind and wife, Betty J. Rafkind, to Henry Glover and wife, Marie Glover, the south 10 feet of lot no. 14 and the north 45 feet of lot no. 13 in block no. 16, T-Anchor Addition.

Thomas H. Rowan to Mable C. Rowan, the north one-half of section no. 72, block K-14.

S. B. Rhodes to Stanley Blackburn, all of lots nos. 13 to 20 each inclusive of block no. 5, South Side Estates.

Elmer D. Runquist to Clyde N. Wicke and wife, Peggy E. Wicke, lot no. 13 in block no. 4-B, South Lawn.

Wm. C. Schutts Construction Co. to F. H. Zimmerer, lot no. 2 in block no. 8, Westhaven Park.

Wolfelin Park, Inc., to Stella Moore, all of lot no. 5 except 2 feet, block no. 89, Wolfelin Park.

John H. Walker and wife, Oleta Walker, to D. P. Gray and wife, Katherine W. Gray, lot no. 3 in block no. 89, Mrs. M. D. Oliver-Eagle Addition.

B. B. Young and wife, Theresa Young, to Raymon Kimball and wife, Vivian W. Kimball, lot no. 11 in block no. 11, Westhaven Park.

J. A. Guthrie to N. B. Lindsey, all of the south one-half of block no. 2, Victoria Addition.

## PHILANTHROPY

Publicly announced gifts for philanthropic purposes increased 15 per cent in ten cities of the nation in the first six months of 1952 over the corresponding period of 1951, according to a study by the John Price Jones Company, fund-raising consultants. This raised the total for the ten sampled cities from \$202,207,974 in 1951 to \$233,014,737 this year.

Take note from the mouth of labor the bread it has earned. —Thomas Jefferson.

Carl A. Spaatz, General, U. S. Air Forces, retired: "Russia has a substantially larger air force and the United States would be foolish to assume they aren't getting along technically as well."

Harry S. Truman, on eve of Democratic National Convention: "There must be no betrayal of the New Deal and the Fair Deal."

A truly American sentiment recognizes the dignity of labor and the fact that honor lies in honest toil. —Grover Cleveland

## TB and the X-Ray Bus

Time was when the TB victim innocently walked the streets of his town undetected—and undetectable.

For who had the millionaire's pocketbook to pay for examining a whole town of a thousand people to sieve out one possible victim?

Now comes the x-ray bus, able to be TB detective for whole cities, for a few pennies a person. Millions of people now have their TB worries erased when the doctor says "Okay."

How long did it take to get the x-ray bus? Well, for its part, General Electric had been working on x rays for 57 years. Costs of diagnosis have come down by better and better equipment. No year passes without some new development. So this was another big chapter in a long book of events.

Notice the nice way these buses get into service. They are usually purchased by voluntary contributions of plain people trying to get a job done.

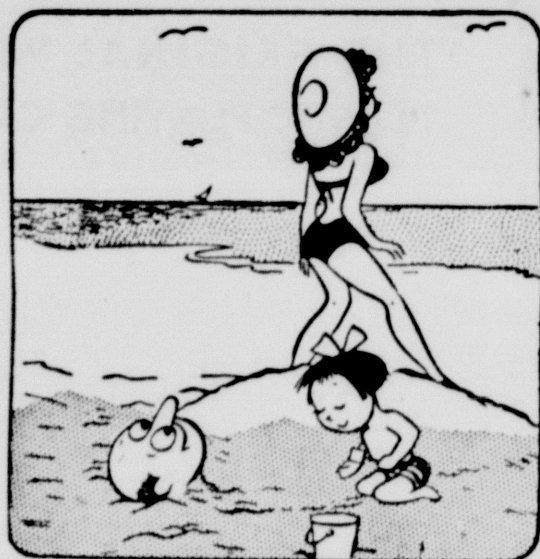

It is always hard to write a definition of the "American Way." But this hand-in-hand achievement of state and national health associations, General Electric, and the local communities comes close to being a perfect example.

*You can put your confidence in—*

## Just Between You, Me and ... the Gatepost

(By Lawrence Hunnicutt)

When you look at the modern town of Canyon today you seldom think of the days when the streets weren't paved and there were no street lights. Most of the people who have lived here as long as ten years can recall a number of changes. There are others who have been here longer and can remember a large number of major changes.

The News editor, Mr. Warwick, is one of those who has been here long enough to recall major changes. In fact, his anniversary upon arriving in Canyon occurred last week. It was Tuesday, July 29, and it rounded out 42 years that he has lived here. Almost a half a century is a long time and these last 42 years have been even more memorable because of two major wars.

Of course the change is gradual but it must still seem rather strange to see cars and pavement where there used to be dust, hitching racks and horses. Another thing that has disappeared from the scene is the old fashioned western type saloons.

The discussion of the wild west in the days of wide open saloons came up a while back. It seems that in this day and time the building that houses the Pyramid Sales Company was a saloon. It also appears that during these days there was a brawl in the saloon and six shooters were drawn and triggered. In the melee a man and a horse were killed. One of the bystanders pointed out the shame and disgrace of such brawls. He said that it was too bad for a good horse to have to die in that manner.

Another old timer in the vicinity is Silas Hart. He has been here during the past 45 years. His time has been spent attending school, teaching school, and operating a business. He has a vivid memory of the days when the Plains were strictly cattle country. He also remembers the beginning of farming on a big scale.

Hart recalls that farming became extensive during the 1920s. As more and more ground was broken up for cultivation and the native grass became more and more scarce, wind began to cut into the top soil. Experience is a fine though bitter teacher. Soon the farmers learned that there was more to farming than plowing under the native grass.

Some of the other reminiscences of Hart include the railroad that came through Canyon. In those days excursions were popular and many people came to the Panhandle to hunt. Wild game was plentiful and hunting became one of the greatest sports in the area. It also attracted nation-wide attention.

Yes sir, it's nice to forge ahead and accomplish things. It's also nice to take time out during these hot summer days and look back at what has already been done. It stands as a sort of a challenge to the younger people. The question is: Can the accomplishments that have been made in the past be matched in the future?

Even though it's hot and a bit of history has been unfolded the time has come to face the present. No matter how difficult it seems it's just got to be. It's time to get a firm grip on your paper because the next department is those quippy 'chirps of wisdom.'

The most popular labor saving device for women is still a husband with money.

Every man has a right to an opinion even if it is his wife's. At the stroke of midnight the irascible father stomped his foot and yelled, "Young man, haven't you a self starter?"

The young man chirped, "Don't need one when there's a crank in the house."

Then there's the story about the candidate who ran for sheriff and got less than 100 votes. The following morning he showed up on the street wearing two pistols. One of his friends pointed out that he had lost the election and shouldn't be wearing the guns.

The candidate looked about furtively and answered, "A man who has no more friends than I've got should wear two guns for protection."

## Former Resident Is Elected to House of Representatives

J. O. GILLHAM

J. O. Gillham, Brownfield banker, was elected State Representative from the new 98th Legislative District, composed of Terry, Yoakum, Cochran and Hockley Counties in the first Democratic primary election.

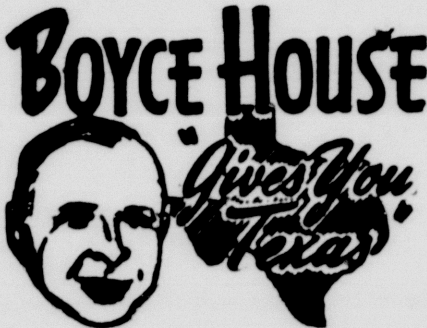

Mr. Gillham was reared at Wayside and attended West Texas State in 1916-17, and worked in the First National Bank in Canyon, 1919-20.

The new Representative is widely known in West Texas. He was president of the Texas Bankers Association in 1943-44. He is president of the Brownfield State Bank & Trust Co. of Brownfield; chairman of the board of the Levelland State Bank of Levelland; president of the Yoakum County State Bank at Denver City; and president of the Brownfield Savings and Loan Association at Brownfield.

Mrs. Stella B. Werner, Democratic nominee for Congress from Maryland: "A woman does not have to neglect her family to take an interest in public life."

LOW SUMMER RATES CHARTER BUSES ANYWHERE - ANYTIME For information call Phone 32

Union Bus Station at THE PHARMACY.

One of the remarkable Texans of early days whose fame has largely been lost sight of in these later years was Robert M. Williamson, for whom a county was named. He was better known as "Three-Legged Willie" because one of his legs was useless and bent back at the knee, so he used a wooden leg. Williamson was born in Georgia in 1806 and came to Texas in 1826. He was a lawyer and, after learning Spanish, he mastered the land laws of Spain and Mexico.

He was a leader in the movement for the independence of Texas. He signed the first call for a convention to protest against Mexican rule; a reward was offered by the Mexican government for him and the other signers of the call. He was a fiery speaker and became known as the "Patrick Henry of the Texas Revolution."

Williamson took part in the opening fight of the Revolution at Gonzales and in the Battle of San Jacinto. When his portrait was presented to the Texas Senate, the principal oration was delivered by George Clark of Waco, who gave Yoakum, the historian, as authority for the statement that Williamson had done as much, if not more than any other man in precipitating and sustaining the Revolution.

Williamson became judge of the Third Judicial District during the days of the Texas Republic and also a member of the Congress of Texas as well as a member of the legislature after Statehood. He died in 1859, his last years being spent on a farm near Independence, in Washington County.

A fiery orator of the type of Patrick Henry and John Randolph of Roanoke, Three-Legged Willie also had a rich gift of humor. Worldly goods had but little appeal for him and he knew poverty, though he could have gained wealth through speculation.

The best known story about Williamson deals with an occurrence when he was judge. A lawyer, who had clashed with the court, made a strong statement and "Three-Legged Willie" demanded to know where he found any law to sustain such a proposition. The attorney drew a Bowie knife and hurled the point into the pine table as he replied, "There's the law." Williamson whipped out a pistol and said, "Yes and, by thunder, here's the Constitution."

Buy, Build, Live in Canyon!

## Miss Money To Be September Bride

BILLIE MARIE MONEY

Mr. and Mrs. Bill Money announce the engagement and approaching marriage of their daughter, Billie Marie, to Lonnie Woody of Dumas. Date of the wedding has been set as September 21.

## LEARNING YOUNG

Little Nicky, 5 years old, was walking along the street with little Joan 4. As they were about to cross the street, Nicky remembered his mother's teaching.

"Let me hold your hand," he offered valiantly.

"Okay," exclaimed little Joan, "but I want you to know you're playing with fire."

## NEW ENGINE

A new pulse jet engine, that requires no lubrication or cooling system, is expected to play a significant role in American development of guided missiles and in helicopter flight by the Navy. The engine is light, simple and easy to make. The quality of fuel it uses is not important in the operation of the engine.

## CASH SHORTAGE

Short of cash? Well, others are too. The Government says money in circulation declined \$32,000,000 during the seven-day period ended July 9 and the Federal Reserve explained that the shortage was due to cash flowing back into banks after the July 4th week end. However, cash in circulation totaled \$29,148,000,000.

## 1953 WHEAT

Secretary of Agriculture Charles F. Brannan has asked farmers to reduce their 1953 wheat crop by about 170,000,000 bushels, by cutting their fall planting. A production goal of 1,080,000,000 bushels has been set compared with 1,250,000,000 bushels estimated for this year.

## MATTER OF CONSCIENCE

If a man can't rest with a slow rain pattering on a low-ceiling room and with the distant thunder muttering and grumbling lazily, then there's something wrong with his conscience.

## RARE TYPE

A multimillionaire fears that he and his ilk are the Vanishing Americans. Who knows?—future Wild West shows may feature old Chief Sitting Pretty as the last of a great race.

Gen. Dwight Eisenhower, Republican candidate for the Presidency, still is a little startled to discover the kind of political campaign that lies before him. Those who induced him to run gave him to understand that, once nominated, the election would be as good as won. Now he has a real fight on his hands.

T. V. Smith, political philosopher: "No power lasts long which does not become more than mere power."

Mrs. Robert S. Kerr, wife of Senator from Oklahoma: "I have learned to play dumb."

Sarah T. Hughes, Texas Judge: "We need women as co-pilots, not as back-seat drivers."
